

JACK RUBY'S FAMILY has signed a contract with Percy Foreman, Houston, Texas, attorney, who will replace Melvin Belli as the convicted man's defense lawyer. Left to right are: Earl Ruby, 48, of Southfield, Mich.; Sam D. Ruby, 51, of Dallas; Attorney Foreman; Hyman Rubenstein, 62, of Chicago; and Mrs. Eileen Kaminsky, Chicago. (AP Wirephoto)

## New Attorney Hired For Ruby

HOUSTON, Tex. (AP) — Jack Ruby's new attorney is confident his client will be granted a new trial and will escape death in Texas' electric chair.

Percy Foreman, president of the National Association of Defense Attorneys and probably the best known criminal lawyer in Texas, agreed Thursday to succeed Melvin M. Belli as Ruby's chief counsel.

A Dallas jury sentenced Ruby to death Saturday for slaying Lee Harvey Oswald, the accused assassin of President John F. Kennedy, last Nov. 22.

Foreman, who has handled more than 700 capital offense cases and lost only one defendant to the electric chair, was hired by three brothers and a sister of Ruby hours after they fired Belli, a famous California attorney.

One of the remaining Ruby attorneys, Joe Tonahill of Jasper, Tex., said he would file a motion for a new trial in Judge Joe B. Brown's court today although Foreman had not said who his assistants will be.

Foreman said he signed a contract with Eileen Kaminsky, a sister of Ruby, and with three of Ruby's brothers, Hyman Rubenstein, Chicago, Earl Ruby, Southfield, Mich., and Sam Ruby, Dallas. The four drove from Dallas to Houston to see Foreman.

## Salinger Quits; Reedy Takes White House Job

WASHINGTON (AP)—George Reedy is a friendly, pipe puffing giant of a man who is taking on the almost impossible task of trying to keep both the press and President happy about public relations.

Sunny, cigar-smoking Pierre Salinger suddenly quit this job of White House press secretary Thursday to try for the Democratic nomination for the Senate in California.

With him went Andrew T. Hatcher, the assistant press secretary to the President and one of the highest ranking Negroes in government.

**On Staff 13 Years**

For Reedy there is nothing like the break with the past that there is for Salinger. Reedy has been at President Johnson's elbow as a sort of press attache the better part of 13 years.

Around the White House he has been one of the Johnson handymen with no clear-cut title. Now he has a title and one of the roughest, most responsible publicity jobs on earth. At times his voice will be the voice of the nation on foreign and domestic policy.

But since he has been so close to Johnson so long, Reedy at times may find that the boss is going to be his own press secretary.

Like Salinger, Reedy is a former newspaperman. At 46, he is eight years older.

**Ordered To Diet**

Like Salinger, Reedy enjoys good food and, like Salinger, he is on the rotund side but on a more massive scale.

On orders of Johnson and the doctor, Reedy is scaling down calories and poundage. From 265 or 270 pounds he is about a third of the way to the 200 the doctor recommends.

Reedy still was in a hospital Thursday, recovering from gall bladder trouble and doing some supervised dieting, when he got word of the forthcoming change.

He went to the White House for a joint appearance at his first press briefing and Salinger's last.

Salinger announced his own resignation and the appointment of Reedy.

**SAN FRANCISCO (AP)** — Pierre Salinger flew into his home town today after resigning as President Johnson's press secretary. He apparently will run for the U.S. Senate.

Salinger would not say what his plans are, but said he would hold a news conference later today to announce whether he will seek the Senate seat of ailing California Democrat Clair Engle.

Salinger's candidacy could further complicate the controversial Senate race which has already split the party. But, the big question was whether he's

## Barge Blows Up; 2 Dead, 12 Hurt

ALAMEDA, Calif. (AP) — A mystery explosion that shook two cities tore a hole in a huge ocean-going barge Thursday, killing two workers and injuring 12 others.

The blast, cause unknown, ripped open a 50-foot section of the barge's stern and caused a shock wave felt in neighboring Oakland and in San Francisco, eight miles away.

## Weather

By The Associated Press

Upper Peninsula — Snow beginning west this afternoon, spreading to east by this evening and accumulating to 2 to 4 inches tonight and diminishing to flurries Saturday. Low tonight 15 to 20, high Saturday 18 to 22.

Lower Michigan — Heavy snow warning south and central. Snow beginning this afternoon, accumulating to 4 inches or more south and central and to 2 to 4 inches extreme north tonight. Low tonight 16 to 22 north and 20 to 26 south. Snow diminishing to flurries and colder Saturday, high 22 to 26 north and 26 to 30 south.

Highest temperature Thursday, 38, lowest, 21.

Highest temperature one year ago today, 39, lowest, 28.

Highest temperature this date since 1872, 73 in 1918, lowest, -2 in 1885.

The sun sets at 7:01 p. m., and rises Saturday at 6:50 a. m.

## Moscow Council Gets Complaints About Services

MOSCOW (AP) — The City Council reported Thursday it received more than 5,000 complaints from Muscovites about dirty cleaning, laundry, shoe repair and auto service last year.

Because of these and other fallouts, the capital achieved only 97.7 per cent of its planned income for 1963. The council taxi income fell \$4.99 million short of the assigned goal. This was no surprise to Muscovites, who find it almost impossible to get a taxi at night.

## Latin Americans Invite de Gaulle

WASHINGTON (AP) — Virtually all the Latin-American countries would welcome a visit by France's President Charles de Gaulle, a survey of the Latin American embassies here showed today.

In fact, some of the American republics seem to regard such a visit as the new hemispheric status symbol.

"If De Gaulle goes to a particular country it has to mean that country is important enough for him to come from Paris to visit," was the way one Latin-American diplomat put it.

While questions have arisen over U.S. policy toward Latin America, De Gaulle has invited Latin America in simple terms to join France "hand in hand" toward a world undergoing a "complete transformation."

His visit to Mexico has been impressive.

Now the French leader has chosen September — the south-

## Hundred Western Leaders Meet In Williamsburg, Va.

WILLIAMSBURG, Va. (AP) — Away from the tensions of world capitals, a hundred high-ranking leaders of Western governments meet here today for a diplomatic get-together.

There are no scheduled speeches. No papers will be delivered. The three days of meetings will go on behind closed doors.

Among those attending are Prime Minister Lester Pearson of Canada, George W. Ball, U.S. undersecretary of state, former U.S. Secretary of State Dean Acheson, and Dirk U. Stikker, secretary-general of the North Atlantic Treaty Organization.

## Four Arraigned At Detroit For Housing Frauds

DETROIT (AP) — A Detroit woman pleaded innocent and three men stood mute Thursday at their arraignment on charges they were among 16 persons who fraudulently obtained Federal Housing Administration loans.

Elisa A. Calabrese, J. William Klem Jr. of Walled Lake, Isadore I. Rubin of Detroit, and Donald A. Thorpe of Novi were released on \$1,000 personal bond each.

## Police Oust Moroccans At Moscow Sit-In

MOSCOW (AP) — Soviet police hauled protesting Moroccan students out of Morocco's Embassy in Moscow during the night after pleading failed to budge them.

The students, about 50 strong, were taken back to their dormitories in buses about eight hours short of their goal of a 24-hour sit-in.

The students occupied the embassy at 10 a.m. Thursday to protest against death sentences ordered in Rabat for 11 persons convicted of plotting to assassinate Morocco's King Hassan II.

There was no violence as the demonstrators streamed into the embassy offices, seated themselves on the floor with arms linked and announced they would resist any attempt to oust them.

Soviet authorities did not intervene at first, since by diplomatic tradition the embassy of a country is its own soil.

There the students sat as the hours passed, refusing to eat, singing Arabic songs occasionally and posing for news photographers.

They turned a deaf ear to harried junior embassy officers who urged them to leave. The ambassador was out of town.

Shortly after dark, three officials of the Soviet Ministry of Education arrived and appealed to the demonstrators to leave. The students refused. The Soviets threatened further measures.

A student leader said the Soviet officials told them the Moroccan government had asked the Soviet ambassador in Rabat to have something done.

Three buses loaded with police wheeled up outside the embassy about 1:30 a.m. and cordoned off nearby streets. When several ranking officers had no better luck with the students than the others, police moved in and carried the Moroccans away.

An embassy spokesman said they went voluntarily. One student said they put up some physical resistance.

## Fire Destroys Alanson School At Lunch Hour

ALANSON (AP) — A fire broke out while students were at lunch Thursday and destroyed the old Alanson High School in a blaze which defied the efforts of firemen from four communities.

At its height, flames shot through the roof of the building and nearly 200 feet into the air. No one was injured.

Alanson is 11 miles north of Petoskey.

A school spokesman said the three-story frame structure, built about 50 years ago, was insured for \$100,000.

Firemen believed a heating plant malfunction touched off the blaze. The fire department here was aided by crews from Petoskey, Indian River and Pellston.

Classes continued as usual today at the nearby new high school.

## Romney Backs Pay Measure Sent To Senate

LANSING (AP) — A state minimum wage proposal, highly-placed on Gov. George W. Romney's list of priority legislation in this election year, was halfway along the road to becoming law today.

Overcoming opposition from rural members of Romney's own Republican Party, the bill cleared the House on a 91-13 vote Thursday and moved to the Senate.

It was a landmark vote for the House where minimum wage bills have died frequently in prior years and never before in the memory of House veterans—come to a vote.

**Killed In 1963**

Michigan is one of 17 states without a minimum wage law of some kind, despite repeated efforts dating back to 1937 to enact one.

A Romney-backed bill passed the Senate in 1963 but was killed in the House by opponents who stalled out the clock in the final night of the session.

Although opposition to this year's bill came from both sides of the House and some 14 amendments were offered during lengthy final debate, the vote proved House GOP leaders correct in their assumption that the bill would pass easily.

House Speaker Allison Green, R-Kingston, had predicted the bill would pass despite opposition from some Republicans.

All 13 votes against the measure Thursday were by Republicans, most from farm areas.

Forty-nine Democrats and 42 Republicans backed the bill, with five members not voting and one absent.

**Follows Federal Law**

The bill, drafted as the result of studies by a 1963 interim committee, is modeled on the federal law. It calls for a graduated scale of minimum wages beginning at \$1 per hour next Jan. 1, increasing to \$1.15 and then \$1.25 over the following two years.

Passed by the House exactly as it came from the labor committee, the proposal would cover some 100,000 persons in Michigan as of Jan. 1, 1964 and about 250,000 at top employment level, according to the best estimates available.

It would apply generally to such fields of employment as restaurants, hotels, car wash racks, hospitals and nursing homes and retail stores.

Rep. Don Gordon, R-Leland, chief sponsor of the bill, said it "represents the best judgment of Republicans and Democrats who studied the subject."

**Farmers Opposed**

Dispute centered around provisions to exclude persons under 18 and over 65, persons who work less than 13 weeks for the same employer in a year, and those who work for an employer with four or fewer employees.

Rural Republicans argued the 13-week provision could prove a "crippling blow" to many independent.

## Tornadoes Whip Coast Of Texas; Midwest Snowy

By The Associated Press

Spring came into the nation's central region in a blizzard today. It brought nightmare driving conditions.

The Midwest storm followed destructive winds and tornadoes in the Texas coastal strip, and heavy rains in the Gulf and southeastern states Thursday and Thursday night.

Blizzard conditions developed in western Kansas, eastern Nebraska, Iowa and northwestern Missouri. Heavy snow — probably about four inches — dropped visibility to zero in western Kansas and whipped through the blizzard area and northeast into northwestern Illinois, Wisconsin and Upper Michigan.

South of the snow belt, sleet, rain, and wet snow fell from northeastern Missouri into northern Indiana. Dropping temperatures froze the new snow on pavements.

In many places, the snow, sleet or rain were whipped by winds of 40 to 50-mile force.

Spring began officially at 9:10 a.m. EST.

A surprise snowstorm whited the Texas Panhandle area around Perryton where the temperature was 22. Texas was the scene Thursday of slashing wind damage estimated at \$500,000, and 12 persons were injured in Nederland, Tex.

Oklahoma had 50-mile winds and snow in the northwest, where roads turned slick. The state had general rains Thursday.

Rain fell from Alabama and northern Florida into the Carolinas.

**Buses Stranded**

In the Texas storm Thursday five persons were hospitalized when 75 m.p.h. winds struck a trailer park in Nederland. The tornado in Baytown virtually destroyed a newly constructed country club which was to be occupied in two months.

Other tornadoes reported in

the Houston area did less damage.

Torrential rains accompanied the winds.

In New Orleans, 3 inches of rain accompanied by 40 m.p.h. winds flooded streets and toppling trees. Gusts up to 52 m.p.h. roared through Baton Rouge.

In the West, seven persons were injured in an 11-vehicle pileup Thursday night in southern Wyoming as blizzard conditions prevailed.

Blowing snow stranded five school buses as eastern Colorado and marooned a school superintendent who tried to get to one of the vehicles in a snowplow.

The children were sheltered in homes for the night. Twenty-six children were bedded down in one farmhouse.

Two buses bogged down in snowdrifts on country roads northeast of Limon and three were stuck near Yuma.

The superintendent, Donald Weber, about 30, of Limon, headed for the Limon-stranded buses in a snowplow and became stuck.

**Ohio Flood Recedes**

In the Midwest, blizzard conditions prevailed for portions of Kansas and northwesterly Missouri. Rain fell in the Kansas City area for almost 24 hours continuously.

Snow fell over most of Michigan and temperatures were below freezing.

Winds, cold weather and 2-4 inches of snow fell on parts of Illinois.

In Indiana, the swollen Ohio River continued to recede, but flood water still plagued communities the length of the state. Snow and rain spread over the state.

The Ohio was expected to recede back to hte flood stage of 52 feet in Cincinnati today after a 66.2-foot crest last week.

Skies were sunny in New England and New York State.

## Spring Arrives; (Winter Ended?)

NEW YORK (AP)—The lady "with soft mist in her hair," as the poet sang, officially returns to the United States today.

She arrives at 9:10 a.m. Eastern Standard Time.

Spring is here, the season of splendors, the time of rebirth, the end of winter.

What did she see as she crossed the Atlantic Coast, spanned the Great Plains, swept across the Great Divide, and down the Sierras' slopes to the Pacific?

A nation at peace, but not beyond danger.

A prosperous nation, tingling with hope and energy, but with pockets of poverty.

A nation still carrying the weight of its tragedy, but carrying, as well, the pride of a people who quietly closed ranks after the moment of shock.

**Swallows Return**

All over America, birds were bringing the message.

In California, the swallows returned to mission San Juan Capistrano Thursday, right on schedule — always on St. Joseph's Day.

In Spring Valley, Ill., Mayor Bill Savitch said, "We've had robins already. It's a good sign." The town (pop. 5,300) is trying to attract new industry.

In Nashville, Tenn., spring came to Mr. and Mrs. J.P. Evans when Baby Boy began singing. Baby Boy is a mockingbird that lives with them year-around. He doesn't sing in the winter.

Here and there, the flowers couldn't wait.

In Portland, Ore., camellias, daffodils, primroses and trilliums have been blooming for a week.

In Seattle, Wash., for the "Spring Festival of Fun," 70,000

daffodils, riotously golden, decorated store fronts.

In northern New York, a farmer said, "The maple sap run looks fine these days."

In New York City, two nuns found a bud on the tulip tree in the garden beside the Church of St. Vincent Ferrer.

"For winter's rains and ruins are over,"

"And all the seasons of snows and sins."

Well, granting a touch of poetic license, this was more or less true. But in New England, the fishermen always tell you "the first day of spring is one thing, and the first spring day is another."

Said the U.S. Weather Bureau forecast for Friday:

"It will be colder over much of the country's midsection while warming is expected in many sections of the West. Widespread precipitation is expected over the eastern half of the country. Heavy snow is indicated for portions of Wisconsin and Michigan."

How does a weather man feel at the approach of spring? Does his fancy roam, his heart beat gladly?

Said James F. O'Connor, a meteorologist in the Washington Weather Bureau, laconically, "Spring does something to some people." He didn't say what, if anything, it does to weather men.

**Burglars Thanked For Opening Safe**

PALERMO, Sicily (AP) — Sicilian Prince Gaetano Hardouin di Belmonte has asked police to thank two burglars who broke open his wall safe and fled with \$320,000.

Police recovered the loot. The prince said he had not been able to get the safe open for 20 years and did not know it contained money.

It had been locked since the death of his father.

DOLLY GEE, 64, former manager of the Bank of America's Chinatown branch in San Francisco, has been sentenced to five years in prison for embezzlement of bank funds. She is shown with her attorney, William J. Gintjee at U.S. District Court in San Francisco. (AP Wirephoto)

## Area Recreation Plan Suggested By City Council

An area-wide recreation program which would help in serving the recreation needs of youth in Escanaba city and the townships of Wells, Ford River and possibly others, has been proposed as a subject of study by the people of the area.

The suggestion was made at last night's meeting of the Escanaba City Council in connection with consideration of changes in the city's recreation program.

City Manager George Harvey said that a meeting of the city recreation board will be held on Monday and that perhaps representatives of Wells and Ford River Townships might like to join in discussing a program of broader scope.

Councilman George Rusch, who conducted the meeting as mayor pro-tem, noted that a reevaluation of the recreation program is under way.

**Library Service**

"I feel it is important to mention, even though Mr. Harvey has released this information to the press and radio, that it is the intent of the Council to completely study and reevaluate the city recreation program in conjunction with the Escanaba Area Schools," said Councilman Rusch.

"While the study is under way, it is intended that the entire schedule of recreation programs will continue without interruption or change," he added.

Councilman Jacob Bink said

he thought it "would be wonderful if the whole area could get behind a recreation program," and he also suggested that perhaps library service might also be extended to the area.

Dr. Leonard Vader, president of Carnegie Public Library board, present at the meeting, said the board is exploring the idea of a county-wide library with county-wide support. He said there will be a special meeting next Tuesday at which the plans will be discussed and that the City Council will be kept informed.

**Name Canvassers**

The Council approved a request of the Library Board to establish one-hour parking on S. 7th St. from 1st Ave. S. south to the alley, so that library patrons will be able to find a parking place. On the library side parking is limited to 15 minutes. Council's approval was subject to that of the police chief.

Resolutions establishing the machinery for the April 6 city election were adopted, and to conform to new state law a bipartisan election canvassing board was appointed, composed of two Democrats and two Republicans.

Members of the canvassing board are Olga L. Matthews, 1324 Stephenson Ave.; Edna R. Reynolds, 319 S. 3rd St.; Inga M. Anderson, 2111 6th Ave. S.; and Marion T. Barry, 1304 1st Ave. S.

**Seek Ski Area**

The Council gave first reading to an amendment to the Civil Service ordinance to implement city-wide seniority rule for city employees.

A proclamation by Mayor Harold Vanlerberghe directing public attention and support to the "Rags to Riches" week in which funds will be raised for a dental fund for children and for the day school for retarded children was read. The week is April 4-11 and the drive is sponsored by the Escanaba Exchange Club and the Aquanets water skiing club.

Tom Gasman, representing the Aquanets, requested the Council consider designating an area for water skiing on southwest of the bathing beach and improving it. The cost would not be large, he believes, and the benefits would be many as a form of recreation and to attract and entertain tourists.

Councilman Bink asked that an investigation be made by the city of interference with television reception caused by police radio in the vicinity of City Hall.

## Crusade Gains Union Support

Union labor of Delta County in pre-Crusade contributions has materially aided the battle against the disease, with a total of \$270 in gifts so far, it is reported by the Delta County Cancer Society.

The contributions were made in advance of the Cancer Crusade, which will be conducted in April.

Local 110 of the Sulphite Pulp Workers donated \$200. Teamsters Union Local 328 gave \$25, the United Paper Makers & Paper Workers Local 209 \$25, Plumbers & Pipe Fitters Local 506 \$10; Iron Ore Handlers Local 400 \$10.

The Delta Trades & Labor Council has sanctioned support of the pre-Crusade contributions by the unions, the Cancer Society was advised.

The support is in recognition that there are 48 million Americans, or two families in every three, who will contract cancer in the year ahead; and that with discovery and treatment, one of every six deaths could have been prevented.

Back in 1937 there was less than \$1 million spent on cancer research; today from all sources the expenditure is over \$200 million of which \$33 million is contributed by the American Cancer Society.

## Tech To Offer Cruising Course

**HOUGHTON**—Michigan Tech and the University of Michigan will collaborate this summer on a short course for foresters in angle-count timber sampling and cruising.

The course is scheduled June 2-6 under the sponsorship of Tech's Department of Forestry and the Forestry Department of the University of Michigan. It will be conducted at Tech's Ford Forestry Center in Alberta.

The course is being offered as a service for foresters in the Great Lakes region, and enrollment will be limited to 20.

## Briefly Told

**The Columbian Squires** will hold a rummage sale at the Knights of Columbus Hall, 708 Ludington St. on Saturday, March 21.

**All Exchange Club** members who have rags to turn in to the Rags to Riches Drive will turn them in to Fred's Standard Service by 3 p.m. Saturday, March 21.

**Arthur J. Harvey**, 923 6th Ave. S., widely known retired industrial official, is in St. Francis Hospital for treatment of injuries received in a recent automobile accident. His room is 112.

**Preliminary pickup** for the Escanaba Exchange Clubs rag drive will be held Saturday at Lancour's Station, 11th and Ludington Sts. Those wishing to donate rags may bring them to the station anytime Saturday.

**Ed M. Gillis**, 211 S. 6th St., who while in military service had met the late President John F. Kennedy, today received a "thank you" card from Mrs. Jacqueline Kennedy, widow of the President. Mrs. Kennedy expressed her gratitude to Gillis for his expression of sympathy.

CLASSES FOR supervisory employees of firms in this area are being held in the new Gladstone High School, sponsored by the Bay de Noc Community College. The instructors are William Cretens and Henry Auge. (Daily Press Photo)

## Unique Course Has 11 Students

Eleven supervisory employees of Delta County firms are studying work simplification in a Bay de Noc Community College course especially planned for this purpose.

The class meets in the new Gladstone High School shop on Monday evenings, where they examine the principles of material handling, motions and methods, repetition, flow of work, and efficient organization. They then apply these principles to their own jobs and to situations comparable to those found in industrial operations.

The class was planned after an initial request and discussion by Leslie S. Bryant, general manager of Marble Corp. The community college, receiving this request, formed an advisory committee composed of Bryant, John Houle of the Har-

## Mrs. Fred Landis Rites Saturday

Funeral services for Mrs. Fred (Anna) Landis, 72, who died at 6 p.m. Wednesday at her home in Chicago, will be held Saturday at 1 p.m. at the Anderson Funeral Home chapel with the Rev. Robert Selberg of Central Methodist Church officiating. Burial will be in New Garden Cemetery.

Mrs. Landis was born in Garden March 23, 1891, and she had lived in Chicago the past 35 years.

Surviving are her husband and many nieces and nephews, including Mrs. Gunnar Beck, Mrs. Wilmore K. Berglund, Mrs. Pat Farrell, Al Adams and Richard Morrison of Escanaba.

## Cassius Shows No Aptitude For Army Service

**WASHINGTON (AP)**—The Army said today heavyweight champion Cassius Clay failed his second pre-induction examination and is "not qualified for induction into the Army under applicable standards."

The Army made no mention of which examination Clay failed, although it is presumed it was his mental aptitude test. Rumors have been heard for several days that he failed the mathematics portion of the test.

The Army said only: "Tests given Clay included measurement of aptitudes for various skills needed in military service."

Clay was given a second test after it was determined that the results of his first pre-induction examination were inconclusive, the Army said.

## Parents Injured In Scooter Test

**CHADDS FORD, Pa. (AP)**—Painter Andrew Wyeth and his wife, Betsy, were injured in a motor scooter accident in the driveway of their home at Chadds Ford, Pa.

They were trying out scooters brought home by their son Jamie, 17, and a friend, actor Lee Kinsolving.

Wyeth, 46, suffered a broken left foot. He was released from a hospital in nearby Wilmington, Del., after treatment. Mrs. Wyeth suffered a concussion. The hospital reported she was in fair condition.

That's what our customers are saying. No other pastie in town can equal Mueller's.  
**We Do Not Wholesale.**

## Sisters Adopt Modern Dress

**YONKERS, N.Y. (AP)**—A nun's habit that has been worn for centuries will give way in favor of modern styling next Sunday.

The recommendations of this advisory committee were then supplemented by advice from Karl Werwath, of the Milwaukee School of Engineering, and the program was then turned over to William Cretens and Henry Auge, who were appointed by the college to instruct the course. From their background and training in industrial engineering they then prepared a textbook for the course, which includes performance and analysis of actual manufacturing operations in the class.

Members of the class include Grace Waeghe, John Closs, Wilfred Mineau, Kenneth Schmitt, and Ira Goetsch of the Marble Corp; Francis Magnuson of La-Pine Brothers of Gladstone; Donald Brunelle, State Highway employee; Dorwin S. Helms, Michigan Bell Telephone Co.; Earlard Myrvall, Robert Calouette and C. C. Newell, all of Northern Motor Builders.

Rinehart said the college was proud to be able to develop this unique course and that it apparently had already assisted in creating more profit for many of the employers involved.

**Helgerson Child Called By Death**

David Helgerson, infant son of Mr. and Mrs. August Helgerson of 2312 Lake Shore Drive, Escanaba, died March 14 and funeral services were held Tuesday in Chippewa Falls, Wis. The child was born March 2, 1964, in St. Francis Hospital at Escanaba.

Surviving are his parents, two brothers, Mark and Andrew; his maternal grandparents, Mr. and Mrs. Roy Hanson of Chippewa Falls; and the paternal grandparents, Mr. and Mrs. August Helgerson Sr. of Monroe, Mich.

The graveside services were at Forest Hill Cemetery in Chippewa Falls and the Rev. Gordon B. Meyer of the First Presbyterian Church officiated.

**GOP Chairmen Meet Elliott On Districting**

The effects of the recent favorable decision by a Federal District Court concerning the validity of Michigan's 80/20 State Senate apportionment formula will be featured in talks by State GOP Chairman, Arthur G. Elliott Jr., with Upper Peninsula Party leaders today and Saturday.

Elliott is expected to cite the decision as an important factor in retaining just and adequate representation for the citizens of the Upper Peninsula during his meetings in Sault Ste. Marie, Newberry and Iron River.

County chairmen from all over the Upper Peninsula have been invited to attend the meetings, that are part of a program by the GOP state chairman to develop close working relationships throughout the party structure in preparation for the upcoming elections.

Elliott was to meet today with Chippewa County GOP leaders in Sault Ste. Marie. Saturday at 10:30 a.m. county chairmen from the eastern counties of the U.P. will join him at the Falls Hotel in Newberry. Elliott will then attend a 4 p.m. session with officials from the western counties at the Iron Inn in Iron River.

## Seney Geese To Get Necklaces

**SENEY**—Two hundred and twenty-five large Canada geese are present on the Seney National Wildlife Refuge. The first two birds returned March 2.

Each year approximately 800 geese return to this 95,560-acre waterfowl refuge to nest and rear their young. Refuge personnel feed the early arrivals until the snow and ice disappear, when natural foods become available.

A banding program is scheduled to mark the birds this year with white neck bands. These bands have black numerals and letters inscribed on them. Last year orange neck bands with black numerals and letters were used. The U.S. Fish and Wildlife Service aluminum leg bands are also placed on the birds.

The information resulting from reports of the banded birds is used in determining productivity, longevity, behavior and many other important data vital to the effective management of the goose flock.

Any one observing these birds with collars are requested to send the information to the Seney National Wildlife Refuge, Seney, Mich.

## Court Of Awards For Rapid River Scout Troop

**RAPID RIVER**—Boy Scout Troop 488 of Rapid River awarded 18 Scouts at a recent Court of Awards ceremony. The ceremony was held at the Bay De Noc Elementary School with the Scouts' parents present.

The 2nd Class Scout rank was presented to Tim Callahan, Dale Morin, Kim Papineau and Ken Raspor. The Tenderfoot rank was awarded to Gary Coppick, Charles Dillon, Greg Feathers, Dale Johnson, Terry Martin, Jeff McClinchey, Terry Papineau, Harold Petty, John Provo, Morley Rushford, Terry Schramm, Jim Trepanier, Greg Viau and Dave Whipple.

Troop 488 has Gary Quick back from army service to act as Scoutmaster. Paul Schram served as the troop's Scoutmaster in Quick's absence.

The Rapid River Scouts have purchased 16 tents with the proceeds from their pancake supper. An overnight outing is being planned for the first part of April.

## Disputed Milk Pricing Bill Up For House Vote

**LANSING (AP)**—A new version of a much-disputed milk pricing bill of previous years was reported to the House floor for action Wednesday.

Termed an "unfair trade practices act" for the dairy industry by its sponsor, Rep. Andrew Cobb, R - Elsie, the bill provides for state regulation of wholesale prices of dairy products.

Its purpose is to prohibit the retail sale of dairy products below cost as so-called "loss leaders" to provide incentive for sales of other merchandise.

The practice is common among some retailers, chiefly chain stores. It has been condemned by various elements of the dairy industry as "stifling" competition.

The bill is similar to one passed in 1961 but vetoed by former Gov. John Swainson as "detrimental to the interests of consumers."

## Khrushchev Will Attend Historic Nile Diversion

**CAIRO (AP)**—The Egyptian government announced today that Soviet Premier Khrushchev will be present in May for the historic diversion of the Nile River into a new channel created by the Aswan Dam. The Soviets have provided much aid for the project.

On May 15 the Nile will be diverted into the channel which will house the Aswan Dam's giant electric generators when the project is completed. The main river itself is now being spanned by rock-filling operations forming the base of the dam itself. This operation will completely cross the river by May 15.

# Pulp Shippers Oppose Closing Rapid's Station

Pulp shippers were the loudest voice in opposition to proposal of the Soo Line Railroad to close its Rapid River station and transfer its functions to its Gladstone station 6 miles away in a Michigan Public Service Commission hearing Thursday in the Delta County Building.

Examiner Otto Sonefeld of the Public Service commission conducted the hearing. He will make a report and recommendation to the full commission and it will issue an order on the proposal in 2 to 6 months. Sonefeld heard statements of opposition to the proposal from 20 witnesses from the Rapid River area.

John DeKay, of Stevens Point, Wis., trainmaster for the railroad, testified for the railroad. He described the operating side of the proposal and contended that there would be at least as good service to the area, if not better, under the proposed plan.

The Soo has closed several U. P. stations in recent years. Traveling agents serve the areas in which stations with station agents are closed. The Soo Line, however, said Sonefeld, has not been particularly active in requesting the closing of stations, compared with Lower Michigan railroads.

**\$7,500 Saving**  
E. F. Nord, general accountant for the Soo, put in the financial data on the amount of traffic and revenues at Rapid River, and the expenses. The revenue had gone from \$63,894 in 1961, to \$84,524 in 1962 and down to \$79,356 in 1963 at Rapid River. The railroad said it would save about \$7,500 a year in expenses with the closing of the station.

The \$7,500 was cited as insignificant as a Soo Line item, but multiplied by all the similar situations it becomes an important factor and such savings could be plowed back into better equipment to improve services. This is the railroad's basic case.

The railroad maintained that the service needs do not call for a full time employee at Rapid River and can be handled adequately out of Gladstone.

The shippers protested that the station closing will make it more expensive for them to ship by rail. The railroad says no, but shippers fear that they will have to go to Gladstone personally with their bills of lading, although the railroad says they could mail them or drop them in a box at the Rapid River station. If phone calls are necessary, the Soo Line will pay for it.

**Wood Chief Item**  
The Rapid River station has handled the business out of Ensign, Traunik and Trenary. The Rapid River agent does not go to these places, but they are shipping points and shippers said it would be an inconvenience to them to be served out of Gladstone.

The shippers said that they were also losing the personal services that an on-site agent would render, like telling the train crew where to spot cars, etc.

R. C. Chase, a ranger for the U. S. Forest Service, said that the Rapid River Ranger District's allowable cut of timber is half again its present production of timber, showing a potential of rail traffic which is expected to be realized at least in part in the near future.

The main commodities forwarded from the Rapid River area are cedar posts and pulpwood. The chief receipts are lumber.

Sonefeld is director of the Railroad Division of the Michigan Public Service Commission.

## Defense Work Officer Named

Kenneth P. Borgen, industrial assistant coordinator for the U. S. Department of Navy, Washington, D.C., has been assigned to work with the Upper Peninsula Committee on Area Problems to make an analysis of defense contract potentials in the Upper Peninsula.

The announcement was made at Marquette Thursday night at a meeting of UPAC's board. Details of the study were to be given today when UPAC's whole delegate body met in Marquette.

In the defense contract survey, Borgen will be working closely with David Cheuning, former U.S. undersecretary of defense and currently a staff member of Robert Nathan Associates, UPAC's technical assistance firm.

Cheuning and Borgen worked together on a similar assignment in Puerto Rico.

In making the announcement through Michigan Senator Philip A. Hart, Rear Admiral B. H. Bieri Jr., deputy chief of Naval material, said Borgen would consider "community action programs designed to obtain more competitive participation in defense contracts at both the prime contractor and sub-contractor levels."

## Airline Earnings Set High Mark

North Central Airlines earned a net profit of \$505,711 after taxes on record revenues of \$28,101,209, reports Hal N. Carr, president.

An eight per cent increase in traffic produced the record revenue in spite of a substantial reduction in subsidy. He noted that with \$1,521,376 of depreciation, the cash flow reached a new high of \$2,027,087 — \$302,000 more than in 1962.

North Central carried a record 1,214,532 passengers in 1963, with each month during the year breaking its own all-time boarding mark. The 27,815,119 pounds of cargo — including air express, freight, and mail — was 10 per cent over 1962, the company's previous best year.

## Take Care In Planting Trees

In planting trees to reforest land there are a number of things that can be done to help insure good tree survival and early growth, suggests Roy E. Skog, Michigan State University forestry specialist.

Plant trees on the kinds of soil on which they will grow best, says Skog. For example, red pine will make good growth on most sandy soils, but spruce needs a good sandy loam or loam soil for good growth.

Use good quality planting stock. In general, transplants are preferred over seedlings as they are usually larger and have a better developed root system. The root system and top should be in balance, with each making up about half the total length of the seedling or transplant.

Do not allow planting stock to dry out in storage or at the time of planting. Trees that cannot be planted the day they are received can be stored in a cool place, such as a root cellar, for about a week. Keep the roots of trees moist in storage by watering the bundles. Do not stack the bundles as this may cause the trees to heat and mold. During planting keep tree roots moist at all times by covering them with wet moss, burlap, or other material.

Plant trees about a half inch deeper than they grew in the nursery. Be sure the planting machine removes sod and opens a slit deep enough to accommodate the entire root system without doubling up the roots. The packing wheels should pack the soil firmly around each tree.

If grass and weed growth is heavy, simazine can be sprayed on the furrow slices and between the trees. The simazine will kill the weeds and grass, but it will not harm the trees.

## Wells Are Unsafe Health Office Warns Residents

There have been many reports of unsafe wells in northern Delta County. It is suggested that persons having private wells come to the Delta-Menominee Health Department office and pick up a water sample bottle for bacterial testing.

Those wells tested as unsafe should be chlorinated. In cases where there is a question of water safety, drinking water should be boiled or treated with chlorine substances. Directions for water purification are on most household bleach bottles.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year... more than for all television spot announcements or radio advertising.

## Retailers Map April Sales

Retailers heard a review of plans for the April promotions at their March meeting held at the Sherman Hotel yesterday noon. Chairman John Lasnoski presided.

Paul Gilbertson reported that plans for the April 15 Dollar Day will be finalized by the promotion committee to be held at the Chamber building Tuesday morning at 8 The committee will meet at that time with representatives of the press and radio to plan publicity for the Dollar Day event and the April EOM sale.

Retailers in attendance voted to remain open until 9 p. m. Wednesday, April 15, Dollar Day, to give families an opportunity to shop together.

Gilbertson said that the promotion committee will also discuss plans for the May sales events at next Tuesday morning's planning meeting Dollar Day streamers are now available and may be picked up at the Chamber building.

## Michigan Week Regional Meeting Held In Marquette

Hagle Quarnstrom, county chairman, and Charles Follo, chairman of the speaker bureau for Michigan Week, May 17-23, attended a Region 2 meeting held at Marquette Wednesday.

Don Weeks, executive secretary of Michigan Week Foundation, from Lansing, and Woodard Smith, vice-president of the organization, were at the meeting, where projects were discussed.

Reports on Michigan Week progress were heard by Regional Chairman and county chairmen.

# Ore Dock Here Discussed In Rail Hearing

By MARY WHITE

Four witnesses took the stand Wednesday in the third day of the Interstate Commerce Commission hearing on a Soo Line Railroad application for joint trackage rights from Marquette to Eben.

The hearing continued Thursday in the Peter White Public Library Auditorium before ICC Examiner Louis W. Sornson, Washington, D.C.

Two witnesses were called Wednesday by Soo Line Attorney Charles H. Clay, Minneapolis, to support the Soo's application. They were Robert W. Jenner, Marquette, president of Cliffs Dow Chemical Co. and R. L. Thorfinnson, Minneapolis, Soo Line vice president in charge of traffic.

The other two witnesses were called by Philip M. Hackbarth, Chicago, attorney for the Chicago, Milwaukee, St. Paul & Pacific Railroad, a protestant in the proceedings.

The Milwaukee Road witnesses were Merlin King, Ontonagon, chief engineer of Huss-Ontonagon Division of Hoerner Boxes, Inc., and Donald C. Ward, Keokuk, Iowa, transportation manager of Hoerner Boxes.

The Soo Line filed an application with the ICC in October asking for ICC approval of an agreement between the Soo and the Lake Superior & Ishpeming Railroad for an exchange of trackage rights.

The Soo has asked for the right to operate on the LS&I line from Marquette to Eben, in order to reduce time and mileage involved in handling traffic between Marquette and Chicago.

In exchange for the right to operate on the LS&I line from Marquette to Eben, the Soo Line has agreed to give the LS&I entry rights to the trackage serving the Empire Mine.

Jenner testified that Cliffs Dow, which is served by the LS&I with switching connection to the Soo Line, is not satisfied with present rail service.

Jenner said that in 1963 Cliffs Dow shipped more than 900 carloads of freight. Because charcoal briquets, manufactured at Cliffs Dow, must be shipped at more than twice the rate of production during the period from April to July, fast rail service and the availability of cars are important to the company, he said.

"Business is being lost to competitors in major markets because some competitors have faster delivery," he said.

Benefits to be derived from approval of the trackage rights application include at least one-day faster service to Chicago area markets, daily freight service south from Marquette rather than three times a week, and faster availability of inbound empty cars, he said.

"Cliffs Dow may retain as much as 25 cars of present business per year that is in danger of loss by giving customers better service and it is possible that as much as 50 cars per year of new business may be generated by better service, if the Soo is granted the trackage rights from Marquette to Eben," Jenner said.

Jenner stated that if the application is approved, it may be possible to switch as much as 25 cars per year from truck common carrier to rail, with the attendant lower transportation cost.

Thorfinnson testified that the Soo Line is in hope of opening new markets in the Upper Peninsula. By improving rail service to the U.P., the economy of the Peninsula can be improved, he said.

The Empire Mine also could be better served by the Soo

Line, he said. He said that although a new dock or belt loading facility on Lake Michigan has been discussed by Soo officials, the present volume of tonnage from the pellet plants on the Marquette range is not sufficient to justify building a new loading facility on Lake Michigan.

Thorfinnson said it would be more advisable to move ore pellets to a Lake Michigan port for transportation to the Chicago area. The ultimate goal to be derived by the pelletizing process cannot be achieved if the pellets must be moved by rail to Marquette and then to Chicago, he said.

Thorfinnson said that the Soo desires approval of the trackage rights application, regardless of the outcome of the application filed by the Mackinac Transportation Co. (of which the Soo Line is one-third owner) for abandonment of rail ferry service on the Straits of Mackinac.

He also explained two exhibits which show that the Soo hopes to secure a total of 1,270 new cars per year from motor carrier service if the rerouting over the Eben line is approved. And that 2,195 cars of total interline traffic would be rerouted over the Eben Junction trackage.

Under cross examination by John C. Danielson, Chicago, general attorney for the Chicago & North Western Railway, Thorfinnson was questioned concerning the accuracy of his statements on the economic potential of the U.P.

Called by Milwaukee Road Attorney Philip M. Hackbarth, King testified that the Huss-Ontonagon division of Hoerner Boxes, which employs 150 persons directly and 600 to 700 persons indirectly, receives 90 per cent of its supplies by truck, mostly in the form of lumber from small jobbers.

Ward stated that Hoerner Boxes receives tri-weekly rail service and daily switching service from the Milwaukee Road. He said that the present service, although sufficient, is only minimally adequate.

"If the Milwaukee Road were required to reduce service, the situation would be serious. We're barely living with the transportation situation we now have," Ward stated.

Ward testified that he had been told by a Milwaukee Road representative that the railroad is fearful of losing business at Champion and Sidsaw if the Soo's trackage rights application is granted.

The Ontonagon plant sends out 700 carloads a year over the Milwaukee Road and total tonnage would not be affected if a harbor were built at Ontonagon, he said.

## Apportionment Ruling

If Michigan voters aren't confused by the various courts' rulings on apportionment contests in recent weeks, it must be because, as the quip says, they don't understand it.

The latest contribution to the maze is a decision by a panel of three federal court judges at Detroit that the apportionment formula of the new Michigan Constitution is legal.

The action dismissed a suit by President August Scholle of the Michigan AFL-CIO that challenged its validity. Scholle said only a "one man, one vote" method of apportionment was acceptable.

The new Michigan Constitution sets up a formula that allows 20 per cent for area and 80 per cent for population in drawing the lines of senate districts. Scholle contended that districting under the new Constitution would purposefully discriminate against city voters.

It was charged that unequal voting power violates the equal protection provisions of the U.S. Constitution and preserves rural domination over the Legislature.

The U.S. Supreme Court recently ruled that congressional districts must be substantially equal in population. The new federal court ruling at Detroit about Michigan senate districting would seem to be in conflict with another federal court indication in Port Huron that Michigan's congressional districting had too much deviation. (The proposed U.P. 11th District has only 306,000 population and the Wayne 15th District has 495,000.)

But the rulings are not in conflict. They are on different subjects. At Port Huron the federal judges were ruling on the Lower House of Congress, which the U.S. Supreme Court has said must be apportioned substantially equally. At Detroit the federal judges were ruling on the apportionment of the Michigan State Senate. Like the U.S. Senate, which isn't apportioned on population at all, it's not apportioned on a population basis solely.

The new apportionment commission created by the new Constitution couldn't agree on legislative districting so the Michigan Supreme Court will decide it. The court will not rule until April 15, hoping that in the interim the U.S. Supreme Court will give it more guidance in related cases.

The citizen is left with the feeling that there is no clear-cut legal maxim possible when government attempts to reason the rightness of apportionment. A partisan apportionment commission deadlocked on party lines and turned the case over to the State Supreme Court, which is notable for its political divisions.

In the federal court at Detroit the 2-1 decision was two Republican-appointed judges against one Democratic-appointed judge. This squabble results from the increasing population of the cities. This throws the equity of old districts out of whack and calls for reapportionment. But the old districts tend to hold onto the control of change and they stymie reapportionment as much as possible.

Practically, a lower house honestly apportioned on basis of population can be foiled by a senate which does not represent population interests. This was Scholle's concern and the reason for his suit.

Michigan's Supreme Court isn't bound by the action of the federal court, and because of its Democratic majority's convictions it is more apt to favor Attorney General Frank Kelley's stand for "one man, one vote" than Governor Romney's position. "Certainly this is a significant guideline for the Michigan Supreme Court in its apportionment action relating to districting of our Legislature," he said.

Judge Fred Kaess held that it would be "a tyranny by the judiciary" for the court "in the name of majority rule" to throw out provisions of a Constitution approved only a year ago by a majority of Michigan voters.

But dissenting Judge Stephen Roth said the new Constitution fails to meet either federal or state standards for equal protection and he questioned whether the Constitutional Convention that wrote the document wasn't called in violation of the 14th Amendment (equal protection) because delegates were chosen from old House and Senate districts.

Michigan Supreme Court justices have indicated that only the U.S. Supreme Court can solve this legal riddle wrapped in a political enigma.

## The Doctor Says:

### Razor Can Cause Itch

By Dr. Wayne G. Brandstadt, M.D.

Q—What is barber's itch and what measures can be taken to overcome it?

A—It is an infection of the roots of the hairs in the beard area. It is caused by the common staphylococcus and is usually transmitted from person to person by a razor that has not been properly sterilized. It may also result from shaving too closely, especially if acne, impetigo or any other skin infection is present.

The condition may become chronic. It is then hard to eliminate without hospitalization. The usual treatment is ammoniated mercury ointment or sulfadiazine ointment. As in the case of other skin infections, a hexachlorophene soap should be used.

Please send your questions and comments to Dr. Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Q—Is there any new treatment for acne rosacea? I am 29 and have had this skin trouble for several years. I have tried all kinds of treatments to no avail. It is possible to get rid of it?

A—Unlike teen-age acne, this form of acne starts after maturity is reached. It is usually limited to the skin of the face, especially the nose, forehead and chin. It may be due to a liver disturbance, a deficiency of vitamin B or hypersensitivity to sunlight. It will not adversely affect your general health.

There is no specific cure but you should avoid anything that would aggravate it, such as spicy foods, alcohol, coffee and tea. We are stubborn. —Semyon K. Tsarapkin, Soviet's chief negotiator at Geneva disarmament conference.

## So They Say

The Ruby trial is the biggest railroad job since the Southern Pacific moved through here—due to a liver disturbance, a deficiency of vitamin B or hypersensitivity to sunlight. It will not adversely affect your general health.

There is no specific cure but you should avoid anything that would aggravate it, such as spicy foods, alcohol, coffee and tea. We are stubborn. —Semyon K. Tsarapkin, Soviet's chief negotiator at Geneva disarmament conference.

## "Of Course He Has a License—I Issued It Myself!"

## Washington Comment

WASHINGTON — (NEA) — Across the Potomac from Washington, it looks as if Augustus C. Johnson will be the Democratic candidate for Congress from the 10th Virginia district, as he was in 1960.

Campaigners, mindful that President Lyndon B. Johnson will be heading the ticket, can see the slogan now:

"Johnson and Johnson—to bind up the party's wounds."

No one will be surprised, either if adhesive bandages turn up as bumper stickers.

A White House holdover from the Kennedy administration is the Southern-style fare—hominy grits, chichory and tobasco sauce—on the menu for the weekly congressional leadership breakfasts.

These items were added last year after considerable prodding by Rep. Hale Boggs, D-La., House majority whip. Boggs recently told reporters: "I'm still enjoying my breakfasts. But I'm amazed at the lack of appreciation on the part of some of my colleagues. I tried to get Sen. Mansfield (Senate majority leader) to put some tobasco on his eggs the other day. He tried a drop and he got a strange look on his face."

Someone pointed out: "He's from Montana. They don't have spicy things like that up there."

Answered Boggs: "I thought they ate goat, moose, bear and that sort of thing. Seems to me they really need tobasco."

For a good while New York Gov. Nelson Rockefeller was being regularly picketed by representatives of some of the small merchants who will be displaced by a huge trade center project in lower Manhattan.

Leading the picketers was one Max Rosey, a Broadway-style press agent who is known in New York for being a confusingly colorful fellow.

Urged to tackle the fight against the trade center, Max found himself a bit baffled by a term common to those in the "redevelopment" world. Asked Max in apparent innocence: "What's all this stuff about Irving Renewal?"

Carl Keyser of Amherst, Mass., Republican Town chairman, received this wire recently from New York Gov. Nelson Rockefeller:

"Happy and I want you to know that Don Whitehead and Bob Hahn of Stoughton have agreed to head my Massachusetts campaign. We would deeply appreciate any advice and assistance you can give Don and Bob."

In a recent broadcast, Sen. Ken Keating, R-N. Y., noted that the Senate could certainly expect a filibuster in the civil rights debate. A few days later he got this letter from a Rochester high school girl:

"Who is this fellow Phil E. Buster and why is everyone so upset he's coming?"

## Memory Lane

By J. R. LOWELL  
Ten Years Ago

Francis J. Legault, son of Mr. and Mrs. Edward J. Legault, of 328 S. 8th St., Escanaba, a veteran of the Korean War, has received a commendation medal with pendant for meritorious service in the Korean War.

Mrs. William J. Clark, 74, of 224 Lake Shore Drive, died today in Tampa, Fla. Mrs. Clark was an early day teacher in Franklin School and in later years was active in the Escanaba Women's Club and St. Stephen's Episcopal Church.

Mark Wehner of Stevens Lake has purchased a high wheeled bicycle and after a number of spills, has learned to stay on. He will be seen in a number of parades this coming summer.

Twenty Years Ago

Mrs. Flavian Joint, 301 S. 15th St., received wonderful news yesterday. Her son, Pvt. Lawrence B. Joint, had been reported missing in action, but yesterday the official news from Washington was to the effect that he was alive and well. During invasion action in Italy, he had become separated from his unit.

William L. Norton has been elected exalted ruler of the Manistique Elks Lodge. He succeeds Neil Reese.

Men are being recruited in this area for construction work on the Hawaiian Islands. Most of the work will be repairs on buildings and installations that were damaged during the Japanese attack.

Thirty Years Ago

Miss Elaine Swenson of Gladstone suffered a severely fractured hip when the car in which she was riding was involved in a collision. The accident happened near Kipling.

A number of slot machines were confiscated yesterday at Manistique, made inoperative and returned to their owners.

Ten carloads of surplus wheat arrived in Escanaba today and will be distributed among cattle raisers for live-stock feed.

## Letters To The Press

Contributions are welcome. They must be limited to 350 words, and signed with the name, address and phone number of the writer, but the name will be withheld on request.

### CANDIDATE

To the People of Escanaba: I know that the most important thing — and very controversial — in our community is whether or not we should favor natural gas. I will be for it if it will help bring industry and employment to Escanaba and the area, and if it will help existing industry.

For example the pelletizing of iron ore in present plants in the area and the possibility of a pelletizing plant in Escanaba or in the vicinity of Escanaba. One of the main necessities for a pelletizing plant is fresh water.

Escanaba has it to spare. There is plenty of iron ore near Escanaba. One of the areas is called the Felch Branch which would only be a very short haul to a pelletizing plant. I think we all can see what it would mean to the people of Escanaba if a plant of this nature would materialize and employ several hundred men.

Undoubtedly the people of Escanaba will be called upon to decide whether or not they desire to sell our city gas plant and steam plant? I believe if after a survey of our propane gas utility to find out if the city can make money on our gas plant by using natural gas, that the community should decide our gas utility policy. If this survey shows that it will be too costly to improve or expand our gas utility, then I say, sell it to one of the natural gas firms that are interested in buying it. I say this for the following reasons:

1. Insurance Protection: The cost for adequate protection to the city up to this time has been prohibitive. All we now have is about \$40,000, which would only be a drop in the bucket in case of a serious accident. These natural gas companies would be able to furnish adequate protection for the community where the City of Escanaba has not been able to do it. These natural gas firms are also interested in buying our steam plant, which has never been a paying utility. Think what the city could do with the money it would receive for our gas and steam utilities if we were to sell them.
2. This money could be used to build a new recreation building which would certainly make better citizens of our teenagers. This is a must.
3. This money could also be used for matching funds for sanitary sewer expansion.
4. Much needed storm sewers could be provided.
5. Needed matching funds for a new airport terminal building.
6. New City Hall Building.
7. If these things could be done with money that has been acquired in this manner, it would enable the taxpayers to take a new look on financing a much-needed new Franklin School, increasing teachers salaries and city and county employee salaries.

None of these things could be done to improve the City of Escanaba without raising taxes, so I am in favor of doing these things for the people of Escanaba without raising taxes.

Yours for a better Escanaba,  
Harold C. (Pat) Hayes

## Ask The Dentist

DOES ROOT ABCESS SPREAD?  
By DR. STEPHEN SHEFFREY  
And The Michigan State Dental Association

Q—Can a root abcess on one tooth cause an abcess on another?

A—Assuming that the gums are healthy, the answer is a qualified no. There are a few cases where an abcess may be neglected until it extends over and damages the blood supply of a neighboring tooth, causing a second source of trouble. But normally the other teeth are responsible for their own abcesses, usually caused when bacteria enter the nerve canal through deep cavities.

If the gums are unhealthy, the picture is different. A deep gum pocket around one tooth can cause an abcess which may envelop the tooth. These abcesses appear to extend around neighboring teeth more readily.

This is one of the reasons a dentist may advise removal of the non-working type of wisdom tooth when a gum pocket is developing around it. Better to have the wisdom tooth out early than have the gum pocket extend forward, setting up a condition where an abcess later may damage the support of the working tooth in front of the wisdom tooth.

### WHEN GOOD TOOTH ABCESSSES

Q—My son had a perfectly good tooth with no decay and no fillings, but it developed an abcess under it. What caused this?

A—This can happen if the tooth should receive a blow that would stop its blood supply. The tooth pulp then degenerates, causing irritating by-products to leak out of the tip of the root. Bacteria may be present to help stir up more trouble, but sometimes they are not.

The period of time between the blow to the tooth and the appearance of symptoms may vary from a few months to several years, so the cause of the condition may be long forgotten. In most cases, these teeth can be saved by filling the root canals.

### TWO CAVITIES — ONE FILLING?

Q—My daughter had a cavity in between two teeth. The cavity was actually into both teeth. The dentist filled one of the cavities, then filled the other one two weeks later. Couldn't he have drilled out both cavities and put one big filling into the two teeth?

A—Besides damaging the gums, such a filling would either break out or loosen around the edge so as to be useless in a relatively short time. Teeth normally do not have super-rigid foundations. They move a little.

It would be a little like connecting two cars by filling their trunks with one huge gob of concrete. After a few miles, either the cars or the concrete would be falling apart.

Two or more teeth can be connected together rigidly, of course, such as when bridges are made or for other special reasons. But in these cases the connecting material, usually gold alloy, is stronger than silver filling material, and the connections are designed to withstand chewing pressures.

## BARBS

By HAL COCHRAN

Some people get happiness just going around in circles—of friends.

Thieves took \$500 worth of goods from a department store. Not very uplifting—just shop.

A Justice of the Peace performs marriages right in his drug store, where couples can buy aspirin for the headaches to come.

Most husbands' excuses are so lame eventually they fall flat.

## Ann Landers Never Too Old To Ask Advice

Dear Ann Landers: This letter will prove that a person is never too old to ask for advice. I am a 70-year-old widow who is being pestered to death by a male neighbor.

This man is 77 years of age and as spry as a colt. He catches me when I am working in the garden and sticks like a corn plaster. I've tried locking the door on him but he raps at the window until I finally let him in. Once he put his arms around me when I was brewing tea and begged for just one little kiss. I told him if he didn't stop being so silly I would telephone his wife. He said, "She'll never believe you. I haven't kissed her in years."

Well, Ann, he was right. I telephoned his wife and she said I must be crazy because he is harmless.

Last October I invited a lady friend to spend a couple of weeks with me. It didn't help. He continued to hang around and he even made a few plays for her. (She is 67.) Tell me how to get rid of this damned fool.—CANADIAN READER

Dear Reader: Please don't give me any static about how this man pesters you. A couple of no-nonsense sentences and a door that stays locked would solve your problem permanently. He sounds like he's in his second childhood—and so do you.

Dear Ann Landers: For eight years I was married to a sadist. Lord knows I tried to make the marriage work but both my doctor and my clergyman told me to leave before he put me in my grave. We were divorced in December.

I've always made good money and have been self-supporting.

Through the years I've managed to save a little because I was unable to get insurance due to a heart condition. I did not ask for a settlement or alimony.

Last night my former mother-in-law telephoned to say the family had talked it over and they feel I should return the jewelry her son gave me, since most of the pieces are heirlooms and would have no meaning to me now.

I had the jewelry appraised and it is worth about \$13,000. I would never wear it but if I ever became ill it could get me out of a tight spot. Should I keep the jewelry or return it?

Dear Ex: The jewelry was given to you during your marriage and you are entitled to keep it. Tell your mother-in-law if you decide to sell the jewelry you promise to give the family first refusal.

Dear Ann Landers: This may be a small matter but it is beginning to annoy me no end. Maybe you can help.

I have a very good friend, who, when she wants a favor never says "Please could you?" —or "I would appreciate it if —" It's always, "I want you to do this and so."

Sometimes she sends her children to my door. They also speak the way she does. This morning the 11-year-old said to me, "Mother wants you to pick up a loaf of bread and two quarts of milk for her when you go to the market today."

I was particularly nettled and replied, "It would be nice if you would hook a please on to that." He did not get the point.

Am I making a big fuss over nothing? Should I rise above my irritation and remain silent? Or should I let the woman know how I feel and try to teach her and her children some decent manners?—HUTCHINSON HATTIE

Dear Hattie: Correct your friend and her children when they demand instead of ask. And be direct. This crew does not know from subtle.

Ann Landers' frank and informative new book, "Teen-Agers And Sex" (2.95), is available at your book store.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

## They'll Do It Every Time

By Jimmy Hatlo

## Selfridge Base Paving Faulty

WASHINGTON (AP) — The General Accounting Office said Wednesday the government will incur \$2.7 million in unnecessary costs to restore airfield pavements at Selfridge Air Force Base, Mount Clemens, Mich., because of faulty materials used in its construction.

James H. Hammond, associate director of the GAO's Defense Accounting and Auditing Division, told a House armed services subcommittee the waste resulted because:

1. The Air Force and Army engineers approved construction of the pavements with aggregate containing an excessive percentage of deleterious materials which they should have known was unsuitable and would cause serious pavement defects.

2. The Army engineers approved the use of aggregate containing even greater percentages of deleterious material "than were permitted by the inadequate contract specifications."

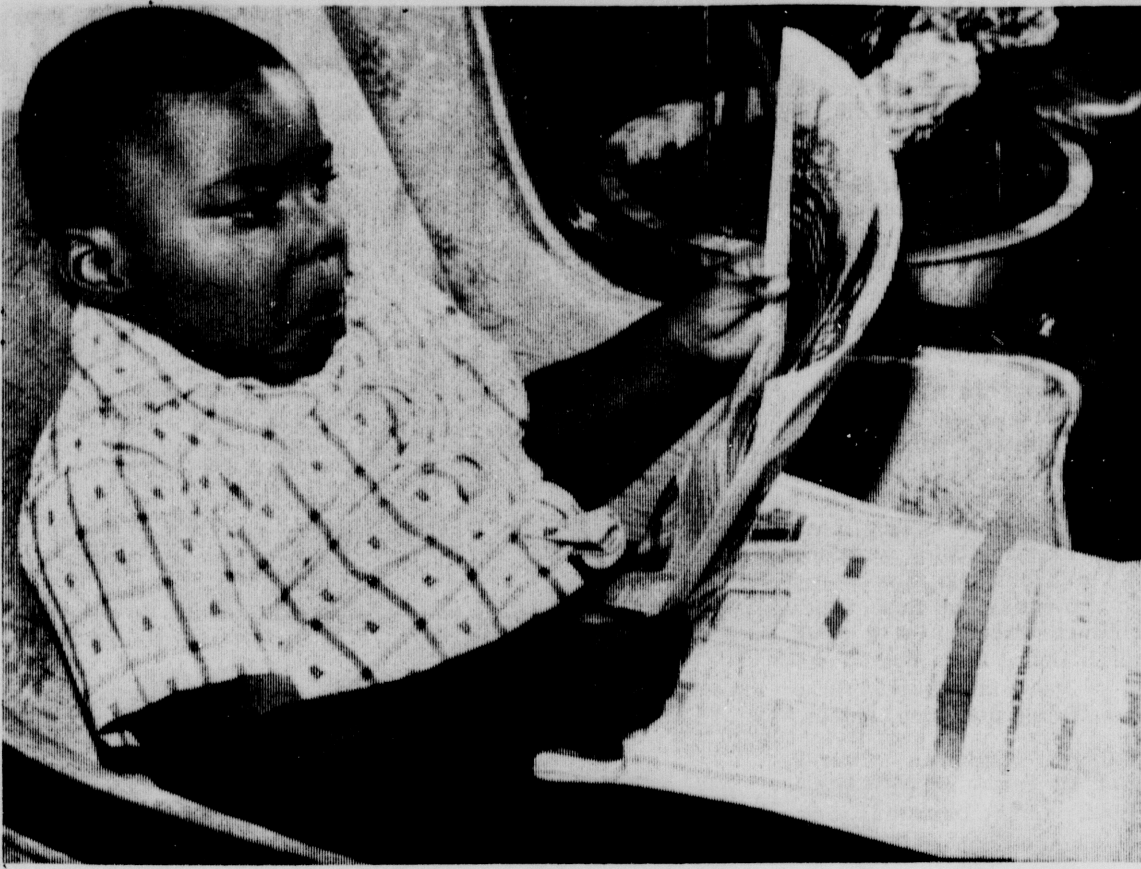

The Selfridge pavements and related facilities were constructed by Western Contracting Corp., Sioux City, Iowa, under a \$9.9 million contract dated July 28, 1958, Hammond said. The Air Force accepted the runway in December, 1958 and the remaining pavements in November 1959.

Rep. Porter Hardy, D - Va., subcommittee chairman, said the primary runway was closed for three months in 1963 to permit resurfacing at a cost of \$500,000.

In addition, Hardy said, in less than one month in 1962, 119 tires had to be replaced on planes at a cost of \$120 a tire. He said jet engines also were damaged by small stones sucked up from the runway.

Hammond said the Detroit Army Engineers District designed the pavements and the Air Force was responsible for determining whether they were adequate.

The material, he said, was drawn from a source proposed by the contractor, the Oxford pit of the American Aggregates Corp., which, immediately prior to the contract award, had been removed from the list of approved sources.

PAUL JONES JR., 4, of Lansing is a confirmed newspaper reader, and he's been doing it since he was 2. Educators at Michigan State University have confirmed that the child prodigy reads and understands "within the realm of his experience." (AP Wirephoto)

## Lansing Boy, 4, Reads Papers

LANSING (AP)—Paul Jones Jr. of Lansing is a confirmed newspaper reader at the age of four.

He reads encyclopedias from time to time, magazines and books, but prefers the newspaper. His parents say he frequently scans the newspaper from page one through the classified section and remembers most of what he has read.

He can read circles around older youngsters in the neighborhood, his parents report.

"Yes, he definitely can read and understands what he is reading—within the realm of his experience," reported Mrs. Linda Smart, a graduate assistant at the Michigan State University College of Education, who studied the child.

His father, Paul Jones Sr., said the boy started reading at the age of two.

The boy was laughing at a newspaper comic section, the father said. When asked what was so funny, the boy told him

word-for-word what he had read, Jones said.

The youngster has a mind of his own. His mother was anxious to have him read for a newspaper. Paul wanted to ride his new bike.

The boy would read a few sentences at a time, then repeat his plea to be allowed to go out and play.

Finally, he sat on the floor and crossed his arms: "I'm takin' the Fifth Amendment," he said.

## Gas Tank Lost But Rented Car Runs 18 Blocks

MIAMI BEACH, Fla. (AP)—The rented sedan driven by Guy V. Whitner Jr. of Newberry, S.C., stalled in the driveway of a Miami Beach hotel.

Whitner checked the gas gauge. Empty!

Hotel doorman William Benway called a service station to deliver some gasoline then opened the small door that hides the gas cap—and stared in disbelief.

No gas tank. Police picked up the tank 18 blocks and nine traffic lights away.

"I can't understand how the car ran that far without a tank," said Benway.

More people get more news from newspapers than from all other sources combined.

## Hoffa Trying To Nip Revolt

WASHINGTON (AP) — Convicted Teamsters' President James R. Hoffa is seeking to quell any budding revolt in his giant union by personal appeals to its 1.7 million members.

His approach, in a previously unpublished letter, is that he will eventually upset his eight-year federal jury tampering conviction—and that if he does not, all Teamsters would have as much to lose as he does.

Hoffa's letter to all Teamsters' officials and members seeks to identify the unions' interests with his own in his long battle against Justice Department efforts to put him behind bars.

Hoffa, 51, told his members: "I have never backed away from a fight in my life. In all my 32 years in the labor movement, I have consistently refused to 'conform' as a price of peace, for the simple reason that I have always known that the price would come out of the pockets of the rank and file I was elected to represent."

Hoffa apparently was not referring to the thousands of dollars in legal fees piled up on his trial at Chattanooga, Tenn., and numerous previous court battles.

Rather, the reference appeared to be an attempt to persuade Teamsters' members no one can represent them better than he at the bargaining table, or run the huge union as well as he has in the past seven years as its president.

## Bad Axe Bank To Open Branch In Minden City

WASHINGTON (AP) — The State of Michigan and the Federal Deposit Insurance Corp. Thursday approved the application of the Hubbard State Bank, Bad Axe, Mich., to establish a new branch in Minden City, Mich., the FDIC said.

A similar announcement also was being made by Charles D. Slay, commissioner of the Banking Department of Michigan.

The new branch is scheduled to open on Monday, the same day the FDIC expects to begin payment of insured deposits up to \$10,000 for each depositor in the closed State Savings Bank of Minden City.

The Minden City bank was closed last Tuesday and the FDIC named as receiver. Deposits of the closed bank are estimated at \$1,250,000, the FDIC said.

## Smoke Warning Hearing Ended

WASHINGTON (AP)—In the news from Washington:

**CIGARETTES:** The Federal Trade Commission has concluded three days of hearings on its proposals to brand cigarettes and advertisements with an antismoking warning.

Interested parties have until April 15 to submit additional statements for the commission's consideration. Meanwhile, two commission divisions are preparing supplemental reports for introduction into the public record.

**REVIEW:** President Johnson has directed Secretary of the Treasury Douglas Dillon to make certain that the three federal regulatory agencies — the Comptroller of the Currency, the Federal Reserve Board and the Federal Deposit Insurance Corporation — settle their differences.

Johnson made no mention in his directive Wednesday of Comptroller James J. Saxon, who has disagreed on occasion with the Reserve Board, FDIC and the Justice Department.

The President said he was concerned about reports of a lack of coordination among the federal agencies.

**CANAL:** The Organization of American States has asked its special mediation commission not to abandon efforts to mediate the U.S.-Panama dispute.

The request was made after the mediation commission had reported Wednesday that its efforts to resolve the conflict over the Panama Canal and to re-establish diplomatic relations between the two countries have resulted in failure and frustration.

Last Sunday the commission announced the United States and Panama had agreed to renew solutions. But on Monday President Johnson said there had not been "any genuine meeting of the minds" between the two countries.

Panama notified the OAS Wednesday that it regards Sunday's declaration as "clear and precise." However, most Latin-American diplomats feel Johnson has thrown cold water on hopes for a quick settlement.

## Boiling Cyanide Fatal, Mistaken For Coffee Urn

BURBANK, Calif. (AP) — A woman mistakenly poured herself a cup of boiling cyanide solution instead of coffee, sipped it and died, within five minutes, police said.

"What was it?" were the dying words of Mrs. Adeline M. Kehoe, 57, Wednesday.

It was Mrs. Kehoe's first day on the job at a metals firm.

Officers said she apparently noticed the pot of amber-colored cyanide boiling on the stove and mistook it for coffee. A coffee urn was on a box nearby.

The cyanide is used in metal processing.

## Welland Canal Opens March 30

OTTAWA (AP) — Navigation through the Welland Canal will be opened at 8 a. m., March 30 if good weather conditions continue, the St. Lawrence Seaway Authority has announced.

Unusually mild weather has speeded the completion of winter work on the canal and ice has cleared from the navigation channel.

Normal opening date for the canal, linking Lake Ontario and Lake Erie, is April 1.

GYPSUM CRYSTALS formed on a wooden pole to create this curiosity held by Arthur Slaughter, Escanaba, Department of Conservation geologist. He presented it to Houghton Tech's mineral museum on Wednesday. The "powder pole" to ram dynamite into drill holes stood for many years in the water at the ninth level of the Bristol Mine near Crystal Falls, and was brought out by Slaughter after the mine was drained prior to reopening. (Daily Press Photo)

## Dogs Win Out In State Parks

LANSING (AP) — Dogs have won a victory over people.

The State Conservation Commission admits it might have been barking up the wrong tree on the idea of banning dogs from state parks and recreation areas.

There was so much howling about it by dog-lovers that the department backed down.

Director Gerald Eddy said the anti-dog edict won't be in force this year.

When in doubt, any government department figures, make a study so: "In view of the controversy and some misunderstanding by the public which have developed as the result of the Conservation Commission's tentative approval for a change in the park rules and regulations concerning dogs, the park section will..."

Then Eddy orders that: —A study and survey be made of the dog problem.

—Take steps to acquaint the public with the problem.

—Hold public hearings and report back to the commission.

"This means that nothing will be done this year," said Eddy, who is stepping down as chief of the department.

Arthur Elmer, chief of the parks division of the department, had urged the ban.

Surveys showed, he said, that park users were 3-1 against dogs. Some very serious dog-bite cases have been reported.

## Unions To Ask Vacation Bonus

ATLANTIC CITY, N.Y. (AP) — Bonus pay while on vacation and a coffee break for production workers are among contract improvements which Walter P. Reuther says his AFL-CIO United Auto Workers will demand this year.

Higher pay while on vacation "to cover the extra costs of travel and spending time away from home," was described by Reuther, UAW president, Wednesday as a new concept to be raised in negotiations with auto makers.

This and the coffee break proposal were disclosed by Reuther at a news conference as delegates from across the country gathered here for Friday's opening of the union's convention.

The union also will demand a wage increase.

Three-year contracts between the auto workers and the auto-makers expire Aug. 31. Negotiations begin 60 days earlier.

Reuther said it might not be possible because of the nature of the work to force all auto manufacturers to require all employees to take vacations.

Penguins are so oriented to fishing for food that even a starving bird probably would not recognize its favorite delicacy — shrimp — out of water.

## With Our Women

An attractive Gladstone resident, who successfully combines business with her role of wife, mother and homemaker, is Mrs. Bernard (Patricia) Olson of 1124 Montana Ave.

Patricia Olson has considerable nursing experience in her background and hopes to return to the profession when her children are older. However, at present, she owns and helps manage the "Dairy Flo" in Gladstone with her husband who is a teacher and former basketball coach at Rapid River. And she looks after her husband, along with Liza Ann, who is ten, Barbara Jean, nine, and the twins, Anne Marie and Jack Michael, who are two and a half years old.

She was born Oct. 13, 1931, in Muskegon, daughter of Mr. and Mrs. M. H. Jack Dempsey. After graduating from South High School in 1949, she entered Grand Rapids Junior College for practical nursing training and took six months training as a laboratory technician.

She worked at Butterworth Hospital one year and was office nurse for Grand Rapids doctors before her marriage which took place in March of 1953. She later was a licensed practical nurse at St. Francis Hospital in Escanaba for a year and a half, then worked 15 months at Delta Nursing Home and also was with Oja Nursing Home and Lanthier Nursing Home in Gladstone.

Since the family moved to

Patricia Olson

Gladstone in 1957, she has been affiliated with First Lutheran Church and sings in the Senior Choir. She is president of Central P. T. A., a member of Minnawasca Chapter 96, Order of the Eastern Star and is president of "Dessert Dodgers" T.O.P.S. Club.

Her hobbies are collecting hats of all kinds, which she says her husband will never understand, reading, sewing—she makes most of her own clothes—refinishing and upholstering furniture and decorating dishes and wooden articles, many of which she has sold to gift shops.

"I enjoy life," Patricia Olson says. "I honestly believe in people. If you meet them half way they almost always are willing to walk the other half. I think the Upper Peninsula is a wonderful place to live and raise children. There are many opportunities here if only people take the time to look around."

## Officers Named At Meeting Of St. Anne Court

St. Anne's Court, Women's Catholic Order of Foresters, elected officers for the new year at a meeting Thursday evening at the home of Mrs. Tom Toussaint, 517 S. 10th St.

Mrs. Toussaint continues as chief ranger with Mrs. Roger Baker, vice chief ranger; Mrs. John Hemes, recording secretary; Mrs. John Kintzinger, treasurer; Mrs. John Sankovich, financial secretary; Mrs. Joseph DeGrand, Mrs. Besie Rogers and Mrs. Raymond Gangstad trustees; Mrs. Evelyn Elie and Mrs. Ed Barron conductors; Mrs. Stella James and Mrs. Caroline Smokovich, sentinels.

Father Stephen Mavrand is chaplain and Dr. William A. LeMire, medical examiner.

The installation dinner meeting will be held in April.

## Local Program For Bark River-Harris Clubs

BARK RIVER—Bark River-Harris 4-H Clubs will have their local Achievement Day Style Show Sunday at 2:30 p. m. at the Elementary School. Members will model their garments and will appear in a talent show. Judging is set for Saturday at 1 p. m.

The clubs are Harris Hand-Stitchers, Schaffer Flying Needles, Perronville Jolly Jills, Bark River Busy Bees and Sunnyside.

## Seney

Mrs. Virgil Monroe and infant daughter of Manitowish visited her parents, Mr. and Mrs. Leonard Gager.

Mr. and Mrs. Leo Kaliszewski Jr. of Detroit visited his parents and were honored at a reception at the family home.

Mr. and Mrs. J. J. Riordan and the Joseph Riordans of Trout Lake were guests at Seney and attended the V. F. W. dinner at Germfask.

Mr. and Mrs. Robert Wetterhans and family visited relatives in LaCrosse.

Walt Niemi entered Schoolcraft Memorial Hospital, Manistiquie, for surgery.

Mr. and Mrs. Clyde Tobin and Mrs. Milo Gonser went to Marquette to attend "Carousel" at Northern Michigan University and visit Betty and Clyde Tobin Jr. and Milo Gonser Jr.

## Good Friday

Good Friday services will be held at the Methodist church from 1 to 2 p. m.

## PTA Speaker

John Vargo, executive secretary of Bay Cliff Health Camp, was speaker at the PTA meeting. He showed slides and conducted a question and answer period. A coffee hour followed the meeting.

## Radio Visit

Mrs. Alvin McDowell, a ham radio operator here, recently visited over her short wave equipment with Mrs. Mary Gonser, Santa Ana, Calif., former Seney resident.

## WHITE FOR SPRING

White is no longer a color worn only during the summer months. It has big play all through the four seasons and will be seen in suits and coats for spring.

## Mrs. Boissineau New President Of Elks Auxiliary

The Escanaba Elks Ladies Auxiliary held a dinner meeting Wednesday evening at which officers for the new term were elected. Mrs. Sherman D. Robinson is the retiring president.

Officers elected included: Mrs. Ed Boissineau, president; Mrs. Ed Olson, secretary and Mrs. Ed Moersch, treasurer.

Following dinner cards were played. The next meeting of the auxiliary will be on April 30.

## Esther Peterson Keynote Speaker At Conference

MARQUETTE — Assistant Secretary of Labor Esther Peterson will keynote the May 16 conference on "Women and the Upper Peninsula Economy" at Northern Michigan University.

More than 150 women from Michigan's Upper Peninsula are expected to attend the all day conference which will be devoted to an examination of the status of women in the work force and in public, civic and community affairs.

Mrs. Peterson's address, "The Changing Status of Women," will review the overall picture of women in our national economy.

Speakers from management, labor, civic, community and church groups will pinpoint problems in the Upper Peninsula as they pertain to the welfare of women.

Sponsors of the conference are Northern Michigan University, the Michigan Employment Security Commission, Michigan Labor Department and the Women's Bureau of the U. S. Labor Department.

## Combined Choirs In Sacred Cantata Sunday

The combined Senior Choirs of Bethany Lutheran Church of Escanaba and First Lutheran Church of Gladstone, under the direction of Conrad Beck, will present Theodore Dubois' "The Seven Last Words of Christ" Sunday, March 22, at 3 p. m. in the sanctuary of Bethany Lutheran Church.

The soloists for this sacred cantata are Miss Sandra Morin, soprano, of Escanaba, Mrs. Ellis Movalson, soprano, Gladstone, Paul Cowan, baritone, Gladstone, and Robert Schrader, tenor, of Escanaba.

Miss Morin, an Escanaba High School graduate, studied voice while attending Northern Michigan University and at present is studying with Mrs. M. H. Garrard Jr. Mrs. Movalson, has appeared in many solo roles in the Delta County Area and is the director of the First Lutheran Choir.

Paul Cowan, director of the

## Noa Home Tour And Dinner For B. & P. W. Club

Ted L. Gajewski, Administrator of the Bishop Noa Home for Senior Citizens, will conduct a tour of the Home for members of Escanaba Business & Professional Women's Club Tuesday evening, March 24, and will be guest speaker at the club's regular dinner meeting to follow, at the Sherman Hotel.

Members are urged to be at the Home promptly at 6:30.

The Bishop Noa Home is a non-denominational home for retired senior citizens, centrally located at 624 Ludington St. in Escanaba and is rated as one of the newest, most modern and most efficiently staffed homes in Michigan.

The tour will include the spacious lobby on the main floor, offering an at-home atmosphere for fireside chats, television viewing or cards, the large dining room, spacious library, modern, stainless steel kitchen, staffed with experienced dietitians and cooks, arts and crafts section and the beautiful chapel which soon will be completed.

In addition, Mr. Gajewski will explain the program of the Arts and Crafts section, the Adult Education program, nursing facilities and medical care, counseling service and financial advisement service which the Bishop Noa Home offers.

The interesting program has been arranged by Lucille Ulrich, legislation chairman of the club.

## Births

LAMADE—Mr. and Mrs. Karl LaMaide, Hermansville, are the parents of a son, born March 19 at 8:30 p. m. at the Anderson Memorial Hospital, Norway. The baby, who weighed 6 pounds and 6 ounces and has been named James Edward, is the third child in the family. The mother is the former Emma England.

March 20, 1964 April 3, 1964  
**STATE OF MICHIGAN**  
File No. 13243

The Probate Court for the County of Delta.  
In the Matter of the Estate of Margaret M. Olson, Deceased.  
At a session of said Court, held on March 17, A. D. 1964.

Present, Honorable Marie D. Peters, Judge of Probate.  
Notice is Hereby Given, That all creditors of said deceased are required to present their claims in writing and under oath, to said Court, and to serve a copy thereof upon Mabel Peterson of Route 2, Stephenson, Michigan, fiduciary of said estate, and that such claims will be heard by said Court at the Probate Office on May 26, A. D. 1964, at ten A. M.

It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Escanaba Daily Press, and that the fiduciary cause a copy of this notice to be served upon each known party in interest at his last known address by certified mail (with proof of mailing), or by personal service at least fourteen (14) days prior to such hearing.

# Action Goals Of UPCAP All Going Or Ready

MARQUETTE — The Upper Peninsula Committee on Area Problems announced today that its action goals for 1963 have been reached. They include the launching of a recreation demonstration project, an aerial survey of Upper Peninsula forests, a program to aid commercial fisheries, the creation of a permanent headquarters staff for UPCAP and the establishment of a year-round resort at Copper Harbor.

All project are either underway or will start this spring, and represent a team effort — with financing coming from private firms and local and state governments and from the Area Redevelopment Administration.

Meeting in Marquette today, the 14-county U. P. planning body noted that nearly \$1.5 million has been raised for a series of programs which will mean more jobs and a healthier rate of economic growth than has been typical of the area in the past. Along with the list of achievements came today's announcements that UPCAP has hired a new executive director and that the U. S. Navy Department will take a new look at the Upper Peninsula for potential Navy contracts.

In addition to the projects of regional influences, UPCAP listed 19 cases where their technical assistance firm, Robert Nathan and Associates, has provided help to these private firms, industries and counties in the Upper Peninsula:

1. Enstrom Corp., Menominee. Assistance in developing contacts with the Department of Army for military evaluation of the Enstrom 3-place helicopter.

2. Great Lakes Sales, Iron River. Cost evaluation report for Great Lakes Sales.

3. Copper Harbor Corp. Liaison to the developers of this year-round resort with ARA in Washington as well as the Upper Peninsula. It also aided in preparing material in support of a request for a loan from ARA for \$625,000 which was recently approved.

4. Clems Cafe, Watersmeet. Prospectus and market report for proposed loan for an addition.

5. Packing Plant Operation, Menominee. Prospectus and market report for James Nemetz for use in raising funds for a proposed packing plant.

6. Hardwood plywood plant location in the Upper Peninsula. Economic feasibility study.

7. Stone surfacing project, Garden Peninsula, Delta County. A stone-testing program and investigation has been initiated as the basis for developing a stone-surfacing plant on the Garden Peninsula. A testing program is underway after investigation and conferences with architects in the U. P. as well as the Ores Research Laboratory at Michigan Tech where the testing program is to be undertaken.

8. Export Workshop, held in Escanaba and a follow-up developed.

9. Guard Pallet Shop, Carney. Assistance on the possibility of increased military marketing.

10. Superior Land Project, Big Bay. Liaison with the Chicago office of the FHA in attempting to locate possible areas of financing.

11. U. P. Transportable Homes Inc., Gaazra. Contact with State Highway Department and Governor's office on movement of oversized objects over highway.

12. Assistance on government and private financing provided to motel, hotel and supper club operators.

13. Guidelines for use by the counties in preparing their economic programs.

14. Redevelopment of commercial fisheries industry.

15. Meetings held with Michigan Potato Council and Dickinson County Potato Growers to develop increased potato processing and packaging.

16. Strawberry marketing by air freight shipments to New York markets is anticipated in the harvesting season of 1964.

17. In addition to an 18-month recreation project a special trip was taken to the New Hampshire League of Arts and Crafts to develop improved marketing programs for Upper Peninsula crafts.

18. Development of an inventory and analysis of the transportation base of the Upper Peninsula.

19. Home-grown industries project brought a small industry specialist from ARA with the view to developing a home-grown industry program to encourage both existing and potential small industry.

## Briefly Told

**Application for marriage license** was made Thursday by Carol G. Freitag and Janet Ann Neu, both of Kenosha, Wis.

**Owners of power driven boats** are reminded to apply early for their 1964 registration. Applications can be made now at either the Michigan State License Office, 615 Ludington St. or at the Delta County Sheriff's Office.

**Bicycle owners** are reminded by Sheriff Cully Johnson that they must have reflectors and lights on their vehicles if they ride them after dark. It is also recommended that they wear light colored clothing.

## Obituary

### MRS. CONSTANTINEAU

Funeral services for Mrs. May Constantineau, 320 N. 21st St., will be held Saturday at 9 a.m. at St. Patrick's Church with the Rt. Rev. Msgr. Martin B. Melican officiating. Burial will be in Holy Cross Cemetery. Friends may call at the Alto Funeral Home after 3 p. m. today and parish prayers will be recited there at 8 this evening.

# Wet Filter For Smokes Offered

Stanley E. St. Louis, of Ford River, has developed a tobacco smoke filter that he believes may have large potential both for local industry and for saving the tobacco industry, now in a scare period because of the medical reports that link heavy cigarette smoking with lung cancer.

The U. S. Patent Office issued St. Louis a patent on his water-cooled condenser filter on Feb. 25, 1964.

He demonstrated it Thursday to directors of the Escanaba Foundation.

The common bullrush or cattail stem is used as the core

ATTENDING THE Gladstone Industrial Development Corp. public meeting on Marble Arms plant at the Gladstone High School gym Thursday night were, from left: Wynand Nieuwenkamp, a director; William Clark, representing Birch-

wood and Casey Chemical companies of Hopkins, Minn.; Charles Burton, Gladstone realtor and a director; Gladstone City Atty. Clair J. Hoehn and Kenneth Henry, representing the Small Business Administration. (Daily Press Photo)

## Romney Backs Pay Measure Sent To Senate

(Continued from Page 1)

pendent farmers who hire seasonal labor to pick crops but cannot afford wages of \$1 per hour.

"This is probably the most far-reaching bill, as far as agriculture is concerned, ever to hit the House," declared Rep. Edson Root, R-Bangor, a fruit farmer. "It eventually will affect every farm in Michigan."

"I guess we'll just have to give up farming," said Rep. Gail Handy, R-Eau Claire. Gordon said the committee recognized that "several fields might have been given special consideration" but wrote the exclusion to avoid favoring any.

Democrats argued that exclusions in the bill would deprive many deserving persons of a minimum wage.

**ALL FROM DOWNSTATE**  
LANSING (AP) — The 13 Republicans who voted Thursday against the minimum wage bill which passed the house 91-13.

Roy Brigham, Battle Creek; Andrew Cobb, Elsie; Lloyd Gibbs, Portland; Gail Handy, Eau Claire; Carl Little, Saginaw; Fred Marshall, Allen; Carroll Newton, Delton; Fred Olsen, Sheridan; Cyril Root, Kalamazoo; Russ Strange, Clare; Don Van Werp, Fremont; Reimer Van Til, Holland; and Floyd Wagner, Cassopolis.

Listed as present but not voting were Reps. Wilfred Bassett, R-Jackson, Gilbert Bursley, R-Arbor, James Folks, R-Horton, Ernst Murphy, D-Detroit, John Penczak, D-Detroit. Bursley announced to the House later he had been called out during the vote but would have supported the bill.

Absent was Rep. William Baird, D-Detroit.

### Proposal To Lease

Hoehn revealed that Birchwood Chemical Co. and Casey Chemical Co. of Hopkins, Minn., a suburb of Minneapolis, were proposing to lease-purchase Marble Arms. They manufacture finishing products of guns, lake blueings and stock treatments, and allied lines. Marble Arms makes products for the same general line, like gunsmiths, cleaning kits, etc.

The two chemical companies propose to create a new third firm, Marble Arms, Inc., and move their Hopkins operations and 6 families to Gladstone. The makeup of project finances:

1. \$24,000, or 15 per cent, by popular investment through the Gladstone Industrial Development Corp. (which will buy the plant and inventory with total estimated value of \$309,000 for \$125,000 and lease it to the new corporation under a 20-year lease.)

2. \$8,000, or 5 per cent which Birchwood and Casey will invest in in the Industrial Development Corp.

3. \$128,000, or 80 per cent, which the Small Business Administration will loan for the project to the Industrial Development Corp.

The Development Corp. will spend \$35,000 on building remodeling and new machinery in fitting the plant for leasing.

### Three Corporations

The Birchwood and Casey corporations would continue, but move to Gladstone and create the new third corporation, Marble Arms, Inc., and intermingle operations of the three firms.

Birchwood and Casey would borrow \$60,000 from SBA on a 7-A loan and add \$60,000 of their own money, and the inventory of Marble would be turned over to them. Its last valuation was \$184,000.

This inventory plus the \$120,000 of SBA loan and the entrepreneurs' own capital would provide working capital of about \$300,000. Working capital is especially necessary in the sporting arms business because it is seasonal and there's a lag of months between production and supply and the final payment for goods.

William Clark, sales manager of Birchwood and Casey corporations has represented them in the negotiations at Gladstone.

## Perkins

**Smear League**

# Industrial Corp. Plans Purchase Of Marble Plant

A public meeting of Gladstone citizens in the Gladstone High School gym Thursday night reactivated the Gladstone Industrial Development Corp. and heard its project to raise \$24,000 by the end of March to finance purchase of Marble Arms Department of Marble Division, ITT-Bell & Gossett, Inc.

City Attorney Clair Hoehn presented the project to the group, which numbered more than 150.

International Telephone & Telegraph Corp. bought Bell & Gossett Co. of Morton Grove, Ill., last year and later announced that the Marble Arms Department of its Marble Division in Gladstone was for sale. Operations in the department were curtailed, with release of 30 employees pending sale of the plant, one of Gladstone's pioneer industries. ITT retains the Marble Electric Department of the Division in Gladstone. It manufactures electric motors and other electric equipment.

Negotiations for the sale of Marble Arms have been underway for months. Thursday night's meeting brought first public report on the progress of negotiations.

### Proposal To Lease

Hoehn revealed that Birchwood Chemical Co. and Casey Chemical Co. of Hopkins, Minn., a suburb of Minneapolis, were proposing to lease-purchase Marble Arms. They manufacture finishing products of guns, lake blueings and stock treatments, and allied lines. Marble Arms makes products for the same general line, like gunsmiths, cleaning kits, etc.

The two chemical companies propose to create a new third firm, Marble Arms, Inc., and move their Hopkins operations and 6 families to Gladstone.

# Tax Collection Percentage Up

The percentage of tax collections in Escanaba for 1963 was greater than the year before, according to a report from the office of City Clerk-Treasurer Don Guindon.

March 19 was the deadline for the acceptance of taxes by the city and the delinquent rolls are now in the hands of the Delta County treasurer. Delinquent taxes are now payable with penalty at the office of the county treasurer.

The levy for city taxes in Escanaba in 1963 totaled \$347,626 and the per cent collected was 97.11. This compares to 96.6 per cent collections for 1962.

County and school taxes levied in Escanaba totaled \$774,789 last year and the percent collected was 94.31 compared to 94.8 the previous year. Remaining to be collected as delinquent taxes through the office of the county treasurer is a total of \$58,876 of which \$54,753 is in real estate and the remainder in personal property taxes.

The high percentage of collections indicates a generally healthy local economy, as contrasted with the depths of the 1930's depression years when delinquency ran high and many properties were sold for taxes.

Cards were distributed at the meeting for investors and the Development Corp. will undertake an active campaign to raise the community share of the capital before the deadline.

The deadline is due to market timing. It is necessary to move fast, it was explained, to bring this year's production to market in time for sale to sportsmen.

# Northern Nat '1 Asking F P C For U.P. Pipe Line

MINNEAPOLIS — Northern Natural Gas Co. today announced it will soon apply to the Federal Power Commission in Washington for authorization to bring natural gas to the Upper Peninsula of Michigan, Northern Wisconsin and the Mesabi Iron Range in Minnesota.

In its application Northern Natural will seek approval to serve 50 communities in these three areas — 26 in Michigan, 7 in Wisconsin and 17 in Minnesota.

The cost of the program, which includes the construction of over 700 miles of pipeline, is estimated at approximately \$50 million.

Northern President W. A. Strauss said "We are optimistic about future developments in these regions, and we will do all we can to expedite this application. It is our hope that

## Whitefish Hill Resident Dies

Donald Henry LaCrosse, 36, of Whitefish Hill, Rapid River, died at St. Francis Hospital at 2 p. m. Thursday. He had been hospitalized for two weeks and was ill for the past three months.

He was born Sept. 3, 1927, in Escanaba, and was employed as a dock worker for Clairmont Transfer. He was a veteran of World War II, a member of the Rapid River Lions Club and the Teamsters Union.

Surviving are his wife, the former Mary Majestic of Ensign, one daughter, Jane, and two sons, Donald and Timothy John, all at home; his mother, Mrs. William LaCrosse of Sheboygan, Wis.; a sister, Mary, of Menominee; three brothers, William Jr. of Menominee, Leo and Edward of Sheboygan.

The body is at the Skradski Funeral Home where friends may call Sunday afternoon. The Rosary will be recited at 8 p. m. Sunday. Services will be held at 10 a. m. Monday at St. Charles Church in Rapid River with Fr. John V. Suhr officiating. Burial will be in the Rapid River Cemetery.

## Briefly Told

**There will be a practice for Jobs Daughters, Bethel 7 at the Masonic Temple at 9:30 a. m. Saturday.** A regular meeting with their school of inspection will be on Monday, March 23, starting at 7:00. The girls are reminded to bring their reservations for the Escanaba Friend Day.

**State Police** ticketed the following for traffic violations, James Peak, Rte. 1 Escanaba, no valid registration on truck and Patricia Jones, 527 S. 16th St., Escanaba, no operator's license.

## Obituary

### JOHN SANDSTROM

Funeral services for John Sandstrom will be held at 2 p. m. Saturday at the Kelley Funeral Home with the Rev. Albert K. Borna officiating. Burial will be in Fernwood Cemetery. Friends may call at the funeral home this afternoon.

MR. AND MRS. D. A. Mathison, 1102 Lake Shore Drive, Gladstone, announce the engagement and approaching marriage of their daughter, Kristin Ray, to Fred Rydberg of Statesville, N.C. The prospective bridegroom is the son of Mr. and Mrs. Theodore Rydberg. The wedding will take place June 27 at 4 p.m. in Summerfield Methodist Church, Milwaukee. Miss Mathison is employed in Milwaukee as a secretary for the U.S. Steel Corporation and her fiancé is a senior at the Milwaukee School of Engineering, where he is affiliated with the Tau Iota Epsilon fraternity.

## Cubs Will Have Kite Contest

Floyd Swift, cubmaster of Cub Scout Pack 471, announces that the pack kite contest will be held at 2 p. m. on Sunday, April 12, in the field in back of the cannery. The boys are to work with their fathers in the making of their kites. Sticks may be purchased, but the kite itself is to be home-made. Judging will be on construction, originality, flying and handling. On Wednesday, April 1, there will be a "kite making clinic" at 7 p. m. at the Legion Hall. All registered Cub Scouts are welcome to attend, but each boy must be accompanied by at least one adult. The winners of the local contest will compete in Escanaba sometime in May for the district championship.

The next regular pack meeting will be April 18 in the high school gym. Skits will be presented by dens led by Mrs. Paul Uerling, Mrs. Allan Witte, and Mrs. Martin Schmidt. The flag ceremony will be conducted by the Webelo den under the direction of Gene Kea.

## In This Corner

with Ray Crandall

The Baraga Vikings, Upper Peninsula's lone representative in the state tournament quarterfinals tonight, lost the services of a starting forward the day following the U.P. regional finals at Northern. Senior Pat Kamarainen underwent an appendix operation Sunday. Steve Putala, a front line reserve, moved into a starting spot as the Vikings defeated Pickford in the quarterfinals Wednesday night.

The Marquette Area Sport Parachute Club which performed at the Escanaba airport Sunday, is interested in assisting in formation of a similar club here. Any persons interested (16 years of age or older) may leave their name and address with Jon Thorin at the airport. The Marquette Club has 30 members, including four members of the fairer sex.

Dave Cade, leading scorer and rebounder on the team, has been named most valuable player on Coach Stan Albeck's Northern Michigan University basketball squad. Named honorary captain was Bob Pecotte of Menominee, former Marinette Central star, who averaged 15.4 points per game and hauled in 112 rebounds.

Leonard (Oakie) Brumm of Marquette, player-coach of the Waterloo Black Hawks, has been named Coach of the Year for the second consecutive year in the United States Hockey League. Brumm, well known here for his outstanding championship records in the Upper Peninsula tennis tournaments, guided Waterloo to the league championship this season with a 19-11 record. Brumm, University of Michigan graduate, is the oldest active player in the league at 37.

Escanaba High School has been awarded a regional track and field meet by the Michigan High School Athletic Association again this spring. The regional will be staged here on Saturday, May 16, with qualifiers advancing to the U.P. finals on May 23 at Northern Michigan University. Other regional meets were awarded to Pickford, Newberry, Kingsford, Marquette and Houghton.

New scoring champion of the Michigan-Wisconsin basketball conference is Dick DeZur, 6 foot 4 inch Hurley senior. DeZur scored 276 points for a new all-time conference scoring record. He smashed the former mark of 246 points set by Dave O'Leary of Hurley in 1962. DeZur's 105 field goals this season also set a new conference record, according to M-W secretary Gene Maki of Wakefield.

Fred Jacoby, freshman football coach at the University of Wisconsin, will be the speaker at Wakefield's annual high school athletic dinner on Wednesday, March 25. Jacoby formerly coached high school teams in Ohio and Wisconsin.

The Upper Peninsula Athletic Committee has announced that the two-division plan will continue in the Upper Peninsula prep tennis tournaments this spring. Although the sport is sponsored on a limited basis among U.P. schools, there are not adequate facilities to hold a one-class tournament in the region. The tennis finals will be staged June 5-6, with Class A-B teams competing at Marquette and C-D teams at Crystal Falls.

The U.P. Committee, which is headed by George Weingartner of Rock, also announced recently that the annual Peninsula prep golf finals will be staged at Menominee on May 23. All schools will compete in a single class in golf.

Tom Ludwig, former Sault Ste. Marie prep star, has played in half of the University of Michigan's 26 basketball games thus far this season. Ludwig, a 5-10 senior, has hit on six of seven free throw opportunities and three of 10 field goal attempts.

## Bond Is Bitter After Years In Cleveland Camp

COCOA, Fla. (AP)—As Walter Bond tells it, the Houston Colts liberated him from an enemy camp when they purchased his contract from the Cleveland Indians last winter.

Eyes flashing in anger, lips dripping with words of bitterness, Bond recounted what he called his seven years of captivity as an Indian farmhand.

"They never gave me a chance," he related, at a breakfast conversation. "They just kept me in the minors. I hit .300 every year but they kept sending me back. Other guys hit .270 and .280 and were brought up but me, I just sat in the minors. They figured a big guy like me should hit 40 to 50 homers to deserve a shot in the majors."

The record book shows that Bond topped the .300 mark only three times and that the Indians did bring him up as many times. But when a man is 6 feet-6, weighs 240 pounds and is angry, to boot, you just listen. "They brought me up to Cleveland for 12 games in September of 1962," Bond recalled. "I hit .380 with six homers and 17 runs batted in. Everybody's happy. The manager tells me I'm their right fielder for 1963. They keep telling me that all winter."

"Comes spring training, they got another guy in right field. 'We just want to give everybody a chance,' they tell me. A

## Washburn Is Key Factor In Cards' Pennant Plan

By The Associated Press  
"If Ray Washburn is sound," old Branch Rickey has said, "the Cardinals will win the pennant."

Washburn is the big, young right-hander who won his first five games for St. Louis last season, and then came down with arm trouble. He never won another and spent most of the season in the minors.

He tested the arm for the first time Thursday against the Cincinnati Reds, and for a while the Cardinals looked like they were going to give the Mets a run for the cellar. Washburn walked the first batter and then gave up three straight hits and two runs.

Then he settled down, and the Cardinals' hopes began to look up. Washburn struck out four in a three-inning stint and St. Louis went on to a 3-2 victory.

That gave the Cardinals a 5-1 record for the spring exhibition season. Two other teams have better records, the Los Angeles Dodgers and the San Francisco

# Michigan Faces Duke In Opener

## Rodman's Tourney To Begin Saturday

HERMANVILLE — Thirty-nine of the top independent basketball teams in Northeastern Wisconsin and the Upper Peninsula will be competing in the week-long amateur basketball tourney which opens here Saturday.

Frank J. Rodman, tournament director, announced that the 26th annual tournament will kick off with seven games Saturday afternoon and night.

The cream of the crop of current and former stars of Upper Peninsula high schools and colleges will be in action in this year's tournament. The

tournament will draw some 400 cagers through the week. When the Stephenson Strollers take the floor Saturday night against Ensign it will mark the 26th appearance of Manager Mike Strohl. He has participated in every tournament since its beginning.

Some of the better known basketball stars who will see action in the opening round games included George Milkovich of Escanaba Al's Bar, Wally Morin of Garden, Norb Bettley of Wausaukee, Don Pomeroy and Mike Groleau of Ensign, Jim LaPine of Loretto,

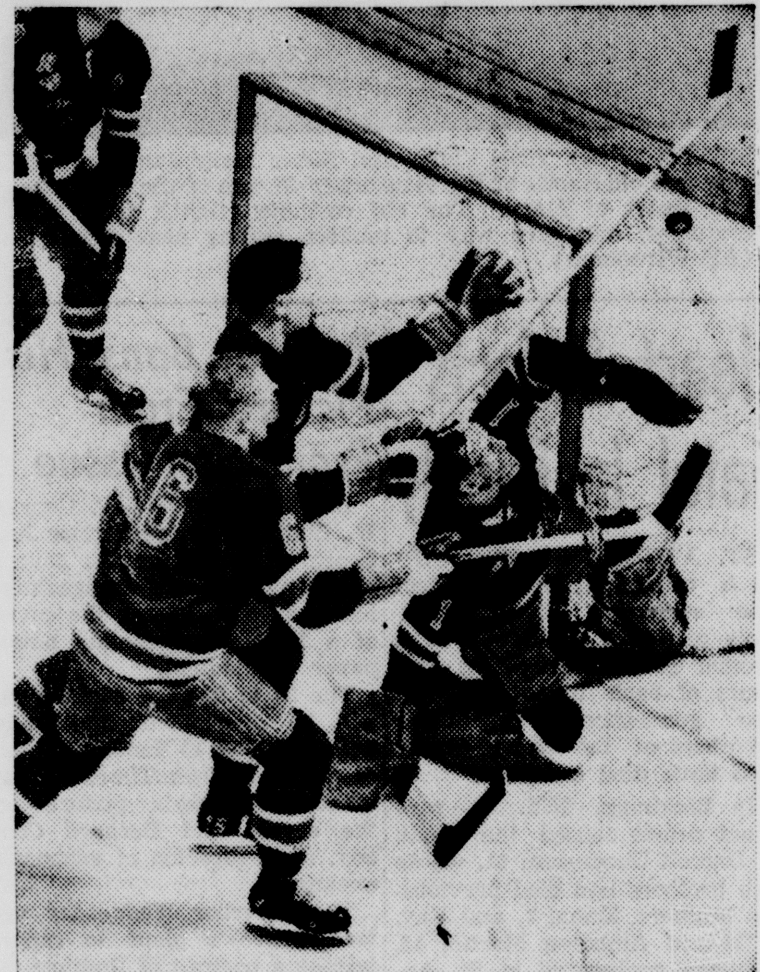

Paul Thomsen, Spencer Bichel, Oscar Nelson of Stephenson, Joe Vestich of Perkins, John Farley, Bob Whitens and Irwin Scholtz of Hermansville Joe's, Bill LeClair and Gordy LeDuc of Escanaba Tom's Signs, Mike Catto and Russ Nelson of Iron River Legion.

The tournament will open with Class B action scheduled for Saturday, Tuesday, Wednesday and Thursday and the Class A quint will begin competition Saturday, March 28 in quarterfinal rounds. The championship games will be played March 29, at 7:45 in Class B and 9 in Class A.

The opening round schedule this weekend:

**Saturday**  
1:30—Garden Merchants vs. Escanaba Al's Bar  
2:30—Marquette vs. Hooper's Motors, Republic  
3:30—Iron River Legion vs. Wausaukee, Wis., Squires  
7:00—Loretto Nighthawks vs. Ishpeming Seins  
8:00—Ensign Country Cagers vs. Stephenson Strollers  
9:00—Hermansville Joe's Tavern vs. Perkins Stevenson Service  
10:00—Ishpeming A & C Dels. vs. Escanaba Tom's Signs

**Sunday**  
1—Norway Towle's Mobil Service vs. Ingalls Reds  
2—Iron Mountain Lakeland Dairy vs. Hermansville Paquin Fuel  
3—Norway Louie's Bar vs. Escanaba Skinnys Bar  
4—Negaunee Bosch Beer vs. Marquette Shoreland Bar  
7—Niagara Badgers vs. Ishpeming Woody's Bar  
8—Powers Big R vs. Escanaba Merchants  
9—Norway Merchants vs. Michigan Hawks  
10—Menominee Ideal Dairy vs. Eben Merchants

STICKY BUSINESS—Sticks are flying as Rangers' defensemen Don Johns, 6, and Jim Neilson and goalie Jacques Plante send the puck hurtling over the net during a game with the Montreal Canadiens at Madison Square Garden in New York.

## Luther King Raps Cassius

DETROIT (AP)—Dr. Martin Luther King's advice to heavyweight boxing champion Cassius Clay:

"I think perhaps Cassius Clay should spend more time improving his boxing skill and do less talking."

Neither does Dr. King approve of Clay's becoming a member of the Black Muslims.

And if Clay should fight former champion Floyd Patterson, Dr. King would back Patterson "on principle."

The Negro minister and integration leader took a critical view of Clay's statements and activities during a news conference Thursday. Dr. King was in the city to preach a Lenten sermon.

"When Cassius Clay joined the Black Muslims and started calling himself Cassius X," Dr. King said, "he became a champion of racial segregation."

"And that is what we are fighting against. I believe neither in black supremacy nor white supremacy. I believe in equality."

The Black Muslims favor separation of the races.

## Dartball Teams Notch Upsets In Tournament

Two upsets marked action in the annual Escanaba Tavern Dartball Assn. tournament games Thursday night.

West Side surprised Eddy's Bar and Wardy's beat Colonial in two of the games last night. In the other two quarterfinal games, Lombardi's defeated King's and Bay de Noc sidelin-

ed Al's.

In semifinal games Sunday afternoon at 2, West Side will face Lombardi's at Colonial and Bay de Noc meets Wardy's at King's. The winners will play for the tourney championship Monday at 8 p. m. at West Side.

## Grapefruit League

By The Associated Press  
Thursday's Results  
New York (N) 5, Detroit 0  
New York (A) 2, Pittsburgh 0  
St. Louis 3, Cincinnati 2  
Baltimore 6, Minnesota 2  
Los Angeles (N) 5, Milwaukee 4

Philadelphia 3, Washington 1  
Houston 1, Chicago (A) 0, (12 innings)  
Cleveland 17, Boston 10  
San Francisco 15, Los Angeles (A) 12

Maris drove in one and scored the other on a passed ball. Nellie Fox made his first appearance for Houston against his longtime Chicago White Sox mates, contributed a double and a fielding gem, and the Colts finally won it in the 12th inning, 1-0. Eddie Kasko drove the winning run across.

The New York Mets and the Philadelphia Phils received good pitching in victories.

Carl Willey, Craig Anderson and Ron Locke held the Detroit Tigers to three hits, and rookie first baseman Billy Haas hit a two-run homer in a 5-0 Mets victory.

Art Mahaffey and Gary Kroll each struck out seven Washington batters, and Richie Allen and Bobby Wine homered in a 3-1 Philadelphia triumph.

Baltimore got homers by Dick Brown, John Powell and Willie Kirkland in a 6-2 verdict over Minnesota, and Cleveland scored eight runs in the first inning and went on to a 17-10 success over the Boston Red Sox.

But the Yankees won 2-0, on two first inning runs. Roger

Maris drove in one and scored the other on a passed ball. Nellie Fox made his first appearance for Houston against his longtime Chicago White Sox mates, contributed a double and a fielding gem, and the Colts finally won it in the 12th inning, 1-0. Eddie Kasko drove the winning run across.

## Merchants Win Tourney Crown

The Merchants captured the Escanaba City League basketball tournament crown Thursday night by spilling Tom's Signs 70-66 in the championship game.

With five players hitting in double figures, the Merchants pulled steadily away from the regular season champs until they boasted a 17-point spread in the fourth quarter.

Tom's narrowed the gap in the closing minutes but was unable to overtake the Merchants. Dick Bryson paced the Merchants with 21 points.

Topping four Tom's players in double figures was Bill LeClair with 21 points.

Box score:

TOM'S SIGNS	FG	FT	PF	TP
LeClair	9	3	4	21
McDonald	6	4	3	16
Vanierbergh	6	2	5	14
LeDuc	5	3	4	13
O'Connell	0	0	2	0

## Four Coaches Outline Tournament Problems

KANSAS CITY (AP)—Cazzie Russell has a tender ankle, Duke had a minor plane mishap, UCLA is fighting the doldrums and Kansas State is a longshot. All of which, the various coaches say, means practically nothing.

The four coaches with teams in tonight's NCAA basketball championship semifinals outlined their troubles after brief workouts Thursday, then confidently repeated their vows of optimism.

Each of the quartet — John Wooden of UCLA, Dave Strack of Michigan, Vic Bubas of Duke and Tex Winter of Kansas State — said he felt his team had a legitimate shot at the championship none of them has ever won before.

**Michigan In Opener**  
The line-up has Atlantic Coast Conference champion Duke, 25-4, playing Big Ten co-champion Michigan, 22-4, in the opener. Top-ranked UCLA, 28-0, takes on Big Eight champion Kansas State, 22-5, in the second game. The winners meet Saturday for the title.

UCLA finished the regular season with the ranking of the nation's No. 1 college basketball team. Michigan was second and Duke third. Kansas State, which had to upset Wichita in the Midwest regionals to

gain the semifinals, was unranked.

"Since we're playing in our area, it figures that we're going to have a lot of Kansas State supporters on hand," Winter observed. "And there may be an advantage in playing here. We play here three times each year and our boys like to play in Kansas City. Maybe those are advantages. If they are, we'll take 'em. We need all the help we can get."

**13 Straight Wins**  
Kansas State, beaten 78-75 by semifinal opponent UCLA in the regular season, has won 13 straight. It features a zone defense, built around 7-foot Roger Suttner, and the scoring and rebounding of Willie Murrell.

Wooden discounted any pressures that may have been built up in an undefeated season and the No. 1 ranking, but admitted "we were fortunate to get through the regionals. There was a letdown after finishing the regular season. I don't think it will happen here, but it's possible."

The mighty Bruins have a blistering running attack, featuring the backcourt pair of Walt Hazzard and Gail Goodrich and a disturbing zone press. They're the shortest team in the tourney, with no starter over 6-foot-5.

Duke was shaken up a bit when its charter plane skidded off a rain-slick runway just after landing at the Kansas City Airport. There were no injuries and less than an hour later the team was taking part in a closed workout at Municipal Auditorium.

"There's no reason it should have any effect," Bubas said. "No one was hurt. We just skidded off the runway."

The ACC champs, like UCLA, offer a fast-break offense and have good rebounding in a couple of 6-foot-10 operatives, Jay Buckley and Hack Tison. Backcourt ace Jeff Mullins is the team quarterback and top scorer with a 24.4 average.

Russell, Michigan's sophomore backcourt sensation, still is nursing his right ankle, injured in Big Ten play, Strack said.

"He limps on it until he's caught up in the game," Strack said. "It's a handicap, but he will be able to go at near full capacity. Let's say he'll start."

Physically, Michigan is the strongest team in the tourney, has excellent rebounding from two husky 6-foot-7 front line men, Bill Buntin and Oliver Darden.

## Pick Rodriguez To Defeat Mims

NEW YORK (AP) — Welterweight contender Luis Rodriguez is a 3-1 favorite to beat Holley Mims in their television 10-rounder tonight because he eats middleweights alive while Mims rarely gets the breaks in close fights.

In addition, the 26-year-old Cuban from Miami has youth and speed on his side in the Madison Square Garden bout against the 35-year-old veteran from Washington, D. C.

Rodriguez has a 7-0 record against middleweights and an overall record of 54-3, including 22 knockouts. The clever Cuban took the fight with Mims on short notice when Joey Archer was forced to withdraw because of a cut over his left eye.

"I am in good shape," said Rodriguez today. "I am getting ready for my title fight with Emile Griffith so I will get paid for more training with Mims."

"Middleweight, light heavy-

weights—they all the same to me. I beat them all. I do the same to Mims."

Rodriguez meets Griffith, the welterweight champion, for the fourth time at Las Vegas June 12. In three close fights with Griffith, Rodriguez lost a 10-rounder, won the title in 15 rounds and lost back the crown in 15 rounds last June 8. His other defeat was by welterweight Curtis Cokes in another close fight. Luis whipped Cokes in the return.

Mims, in his last three prestige fights, lost to Griffith, Rubin Carter and Archer. The defeat to Archer was another split decision heart-breaker for the skillful campaigner. A majority of the boxing writers and most of the Garden fans thought he deserved the verdict. His record is 58-25-6, including 13 knockouts.

The bout will be telecast by ABC-TV. Starting time is 10 p.m., EST.

Heart Defects

Fatal In Family

ST. AUGUSTINE, Fla. (AP) — A congenital heart defect was suggested as the possible cause of the deaths of a brother and sister within two hours of each other here. In two generations, six other members of the same family also have died suddenly.

In Richburg, N.Y., a rare heart defect caused the death of Darrell Thompson, 11, whose two brothers had died previously.

Edward Ambrose Martin, 15, a husky sophomore at St. Augustine's St. Joseph High School, collapsed and died Monday after running only 200 yards of a mile-and-a-half cross-country event.

His sister, Angela Diane, 14, at home recovering from mumps, appeared to go into shock when her parents told her of his death. She was rushed to a hospital, where breathing was restored, but she was dead within two hours.

Another sister, Penny, 9, was found dead in shallow water in which she had been wading during a family outing in 1957. The cause of her death never was determined.

Dr. James J. Devito, the family doctor, said "several other members of the family have expired suddenly, with no known cause. Five children from two sisters and three adults have been stricken under similar circumstances in two generations."

He suggested that the ailment might be a congenital heart defect.

The body of young Thompson, of Bolivar, N.Y., was found on the lawn of a garage at his school in Richburg.

Dr. Edwin F. Comstock Jr., coroner, said the boy had an enlarged heart. So did two of his brothers, Dana, 7, and Ray, 8, who died in 1955 and 1959, respectively.

Dr. Kurt Zinner, a Wellsville, N.Y., cardiologist, said the ailment was "not due to any known cause." He described it as "familial"—peculiar to some members of certain families.

Paycheck Sails

26 Floors, Lands

At Gas Station

BOSTON (AP)—Festus Johnson was at work on the 26th floor of a building under construction when the foreman delivered his paycheck. A gust of wind tore the check from Johnson's hand and blew it out a window.

Johnson thought it landed several blocks away and went looking for it, without success.

A half hour later a gas station attendant showed up at the building — with the check. It landed right after Johnson gave up the search, he said.

Tree Seedling

Growers Can't

Meet State Deal

LANSING (AP)—Independent tree-growers said Thursday the Conservation Department is giving them unfair competition.

"You've got to face up to it, we're in trouble when the state and federal agencies sell in competition with independent nurserymen," said Victor Beresford of East Lansing, executive secretary of the State Association of Nurserymen.

The growers eventually will be able to meet the market prices offered by state and federal agencies, he said, but not for two or three years.

Dwight Spuller, representing the Michigan Soil Conservation Districts, said farmers won't buy stocks of seedlings at the price offered because the state can give them a better deal.

Famine Food Sent

To India By U.S.

WASHINGTON (AP) — The United States is sending 46,000 tons of wheat and livestock feeds to northwest India, where 500,000 persons are reported suffering from famine.

The Agency for International Development announced the gift Wednesday night. It is valued at \$4 million under the food for peace program.

Cement Carrier

First At Straits

MACKINAW CITY (AP)—The first ship of the season passed through the Mackinac Straits Wednesday with the help of the Coast Guard icebreaker Mackinaw.

The Portland Huron Cement Co. cement carrier Crapo, bound from Alpena to Lake Michigan ports, was met by the Mackinaw under the Mackinac Bridge.

The Mackinaw stayed with the Crapo for 20 miles and then reported the Crapo was proceeding into Lake Michigan alone through light ice.

MANISTIQUE

Cooks Election

Issues Studied

A public meeting with 150 persons attending was held Wednesday at Inwood Township Hall to permit voters opportunity to ask questions on a proposal to send 9th through 12th graders to Manistique High School. A special election is scheduled Monday on it.

Peter Popour and Mrs. Leo Leveille outlined views on sending students to Manistique on a tuition basis. Edwin Wuehler, Manistique superintendent outlined the program which could be made available at Manistique.

Manistique school board members, Mrs. Ludwig Hough, county superintendent and Marvin Frederickson, Manistique principal also were present.

P. V. Thelander, school board secretary presented data to show the school will have about \$2,000 left June 30 after paying \$8,000 indebtedness. A special 8-mill levy voted a year ago for three years is enabling the district to pay it. The payment will not leave enough to begin school next fall, however, as payrolls run \$5,000.

William Haindl of the Cooks board explained transportation and anticipated costs, and George Babladelis, Cooks principal, explained the program planned there next fall.

The consensus of the board was that an additional three mills would be needed to finance transportation of sending high school students to Manistique, it was reported.

Bell Ringers

Give Concert

The Spartan Bell Ringers will present a free concert at 8 p. m., Tuesday, March 24 at Manistique High School.

The 10-member group playing English handbells is directed by Wendell Westcott of Michigan State University's department of music. Each player, through deft manipulation controls four to 13 bells with a total of 49 played by the group.

The repertoire will include "Malaguena," a rhumba version of "La Cucaracha," an original variation on "Chop Sticks," the charming "Music Box," "In A Swiss Clock Shop," "Stars and Stripes Forever," "Misty" and "Five Foot Two" in Dixieland style.

The group was organized in 1954 by Westcott and is one of 19 performing in the MSU Cap and Gown series. The program is being sponsored by Manistique Pulp and Paper Co.

Cooks School

Board Names

Four Canvassers

At a special meeting of the Cooks district board of education Wednesday night, members of a school board of canvassers were appointed. Named to two year terms expiring Dec. 31, 1965 were Paul L. Rhoades and William A. Winkel, and to 4-year terms expiring Dec. 31, 1967 were Stanley A. Coe and Anna L. Parrish.

Mr. and Mrs. Lowell Woon, 435 Delta Ave., are the parents of a son, Brian Robert, born March 13 in Schoolcraft Memorial Hospital. The baby weighed 8 pounds, 5 3/4 ounces. Mrs. Woon is the former Patricia Rusiecki.

Mr. and Mrs. David LaRose, Gulliver, are the parents of a son, David Vernon, born Mar. 18 in Schoolcraft Memorial Hospital. The baby weighed 6 pounds, 8 1/4 ounces. Mrs. LaRose is the former Lois Lee.

Mr. and Mrs. George Danko, 128 N. Houghton are the parents of a son, David James born March 19 in Schoolcraft Memorial Hospital. He weighed 8 pounds, 1 1/2 ounces. Mrs. Danko was formerly Sally Anderson.

Manistique Classified

**23. Help Wanted, Female**

RELIABLE OFFICE WORKER in Manistique. Must be able to type and must have pleasant personality. Write, giving full experience and references to Box 4118, in care of the Daily Press, Manistique.

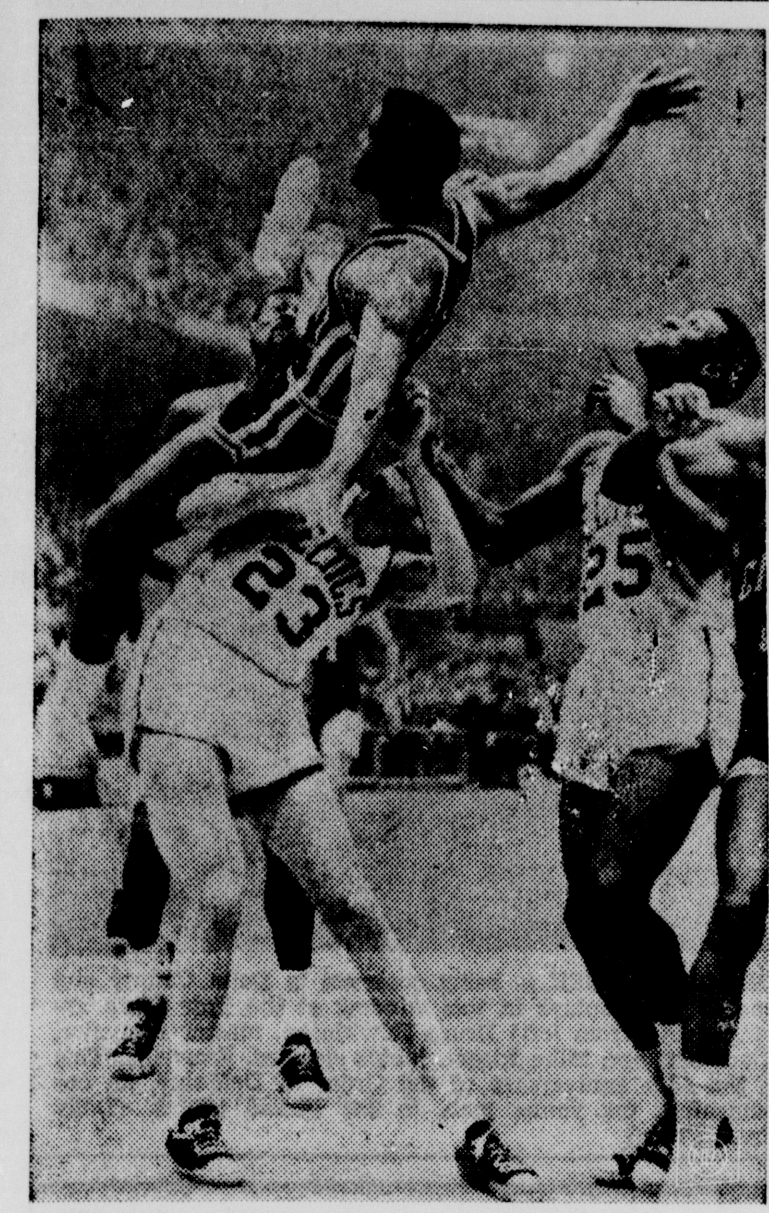

**1. Card of Thanks**

**Guertin**

We wish to express our sincere appreciation to the neighbors, friends and relatives for assistance and sympathy shown in our bereavement, the death of our mother and grandmother, Mrs. Marie Guertin. A special thanks to those who sent flowers, gifts and spiritual offerings, the physician and staff of Schoolcraft Memorial Hospital. Father James Donnelly, the choir and altar boys of St. John the Baptist Church, the pallbearers and all who aided us in any way. The memory of these acts of kindness will always remain with us.

The family of  
Mrs. Marie Guertin

OVER AND OUT—Tom Hawkins of the Cincinnati Royals rolled over the shoulder of the Celtics' Frank Ramsey after leaping high for a rebound at the Boston Garden. K. C. Jones of the Celtics watched as Hawkins struck his head on the floor in the fall and was knocked unconscious. The players continued play with Hawkins lying on the hardwood.

# Snead Sets Pace In Second Round

MIAMI, Fla. (AP)—Sam Snead, still booming his shots off the tees at the age of 51, led the year's strongest golf field into the second round of the \$50,000 Doral Open Tournament today.

Racking up a four-under-par 68 in the opening round despite his usual putting difficulties, Slammin' Sam staked a first-round claim on the \$7,500 first prize awaiting the winner Sunday.

One stroke behind were Mike Souchak, Dave Hill, Bob Shave Jr., Bert Yancey, Joe Lopez Sr. and Ken Venturi. Ten others were only two strokes off the pace.

Snead, who plays in only a few tournaments but continues to add substantially each year to one of golf's biggest bank rolls, complained that he missed five birdie putts.

This is his first start on the tour this year. The West Virginian started in only 12 out of 43 tournaments in 1963, but still collected more than \$28,000.

The 7,028-yard Doral Country Club "Blue Course," called the "Blue Monster" by some pros, gobbled up two of golf's Big Three, Arnold Palmer and Gary Player.

Palmer, still looking for his first victory of 1964, finished in a tie for 30th place after scrambling to a par 72 in a round that included a double-bogey.

Player, complaining that the Doral course "is too exacting," did even worse with a 73 after hitting into a water trap to take a double-bogey seven on the eighth hole.

Jack Nicklaus shot a 70, although he said, "I didn't drive well, my iron shots were only fair, and my putting was terrible." He three-putted four greens.

# Mets Trample Tigers, 5-0

LAKELAND, Fla. (AP)—The New York Mets played straight man to the Detroit Tigers Thursday and walked away with a nifty 5-0 exhibition baseball victory.

"We did what the Mets do all year," Tigers manager Charlie Dressen said of Detroit's two errors that resulted in three unearned runs.

Tigers pitchers gave up only two earned runs, and Detroit's attack consisted of three singles.

Starting pitcher Frank Lary opened the gates in the third inning with a costly two-out error. It was followed by a home run off the bat of rookie Bill Haas.

Tigers first baseman Bill Roman let in another unearned run in the seventh.

Met manager Casey Stengel was happy to beat Lary. "That man used to spoil my dinner," remarked the 72-year-old field boss.

Lary beat the New York Yankees 23 times when Stengel was at the helm.

"It was a windy day and Lary couldn't get a sweat up," observed Dressen.

Pitcher Ed Rakow, who worked the sixth and seventh innings, left the game when his arm tightened up at the start of the eighth frame. Dressen said it would be a couple of days before the extent of the injury is known. Dick Egan finished up for the Tigers and fanned four men in three hitless innings.

# Wilt's Crown Fifth In Row

NEW YORK (AP)—Wilt Chamberlain, the Big Dipper of the San Francisco Warriors, won the individual scoring championship of the National Basketball Association for the fifth straight year, but with his lowest average ever—36.9 points per game.

Official statistics released today for the 80-game regular season that ended Wednesday night show the 7-foot-1 former Kansas All-America scored 2,948 points on 1,204 field goals and 540 free throws for his 36.9 average.

These figures compare with his 44.8 average on 3,586 points last season and the all-time NBA record of 50.4 on 4,029 points that he set in 1962. He played in 80 games both of these seasons.

Oscar Robertson, the Big O of the Cincinnati Royals, finished second to Chamberlain in the scoring race with 2,480 points for an average of 31.4 in 79 games. Veteran Bob Pettit of the St. Louis Hawks was third with 2,744 followed by Walt Bellamy of the Baltimore Bullets at 2,700 and Jerry West of the Los Angeles Lakers at 2,687.

West's average is higher than Pettit's and Bellamy's since he played in only 72 games. He is placed fifth, however, since his 2,064 points are less than Pettit's 2,190 and Bellamy's 2,159. The latter two played the full 80 games.

### Fight Results

By The Associated Press

MIAMI, Fla.—Ken Ford, 151, Jacksonville, Fla., outpointed Harry Tetlow, 155, Miami Beach, 8.

WORCESTER, Mass.—Lloyd Marshall, 130, Newark, N.J., stopped Hector Rodriguez, 130, Providence, R.I., 3.

BOISE, Idaho—Elmer Rush, 210, San Francisco, stopped Archie Ray, 192, Tucson, Ariz., 1.

LOS ANGELES — Hiroyuki Ebihara, 113, Japan, outpointed Fabian Esquivel, 113½, Mexico, 10.

### Rain Trouble

PENSACOLA, Fla. (AP)—Ninety women golfers were to tee off today after rain and lightning forced a one day postponement in the start of the 72-hole Western Open Golf Tournament.

## Wheaton Band Concert Apr. 2

Seventy students from the Wheaton College, Ill., concert band will present a program at the Stephenson High School gymnasium, on Thursday, April 2, at 8 p.m.

About one-third of the band members are music majors while the rest represent one of the majors offered in the Christian liberal arts curriculum of the college.

Each fall, students desiring to be auditioned for membership in the band arrive on the campus early where they enroll for a week of band camp at Lake Geneva, Wis., under Prof. Russell H. Platz, the conductor.

Wheaton College enrollment is 1,800 students.

The concert is being sponsored by the Stephenson and Carney High School Band Booster Clubs and they are selling concert tickets and they are also available at the Delta Music Center, Escanaba, and will be available at the gym.

Frances Peterson, daughter of Mr. and Mrs. Eugene Peterson of Carney, a Wheaton sophomore, plays oboe in the band.

Wisents are the bison of Europe.

## CARPENTRY

See Us For Ways To Stretch "LIVING SPACE"

Let's get together and plan ways to make the most of your home. It costs less than you think to have professionals add-a-room, convert basement or attic, do repairs and modernize.

## Luther Leagues Join In Pageant Presentation

"Voices of the Passion," a dramatic devotional pageant, will be presented by the combined Luther Leagues of Christ the King Lutheran Church, Escanaba, and Salem Lutheran Church of Bark River at Salem at 8 p.m. Saturday, March 21, and at Christ the King on Sunday, March 22, at 7:45 p.m.

The pageant portrays characters from the time of Christ's crucifixion who have come back to speak to our present day world. Members of the cast and the characters they portray are: David Bolm, Judas; Jan Bruce, Peter; Dennis Hanson, Pilate; Gary Carlson, Simon; Jerry Olson, Dismas; Danny Krause, Paul; and Peggy Ottensman, narrator.

Each character portrayal will be followed by a musical selection in the following order: "Thirty Pieces of Silver" by Barbara and Michele Hamberger; Combined Youth Choir "Jesus and Shall It Ever Be," "Were You There When They Crucified My Lord?"; "O Master Let Me Walk With Thee," "When I Survey the Wondrous Cross" and "Jesus Christ Is Risen Today."

Paul Blewett is general pageant director. Michele Hamberger is choir director and pianist. Members of the lighting crew are Tom Olson, Bruce Beck, Charles Carlson and Gary Dahl. Bonnie West is chairman of the costume committee.

Youth in the Choir, in addition to those already mentioned are Linda Peterson, JoAnn Hendrickson, Cindy Ottensman, Mary Dart, Linda Palmgren, Judy Hanson, Sandy Carlson, Franklin Stenberg, Gary Adelman, Jack Martin, Robert Bergstrom, Julie Bernsten, Kris Bruce, Sandy Palmgren and Myrna Norman.

The Rev. Erland E. Carlson is pastor of Christ the King Lutheran Church and vice-pastor of Salem in Bark River.

Everyone is cordially invited to attend the pageant presentation.

## Rapid River PTA Met Monday

RAPID RIVER — The Rapid River P.T.A. will meet at 8 p.m. Monday, March 23, in the multi-purpose room of the Bay de Noc Elementary School.

Mrs. Glenn Nichols will present a group of her forensics students, who will give speeches representing several categories in the public speaking field. People attending the meeting will have an opportunity to record their voices and hear themselves speak.

The twelfth grade mothers will serve refreshments.

## Big U.S. Missiles Going To Europe

WASHINGTON (AP) — The first 400-mile range Pershing bombardment missiles are expected to arrive in Europe next month to provide added nuclear striking power for the U.S. 7th Army in West Germany.

The movement of the most advanced Army battlefield missile to Europe has been foreshadowed for quite some time.

Mary Antonetti

Judy Motto

MARY ANTONETTI and Judy Motto have been selected valedictorian and salutatorian of this year's Hermansville High School graduating class. Miss Antonetti has been a class officer for two years and is currently president. She is activities editor of the school yearbook, a C.Y.O. member, and an active member of 4-H. She was a cheerleader for four years and also entered the pre-college Science Institute at NMU. Miss Motto received the DAR Award this year, has been a class officer for two years, currently treasurer, is business manager of the yearbook staff. She was a member of the student council, cheerleading squad, C.Y.O. and 4-H and was athletic choice for homecoming queen this year.

## Turkey To Get MSU Advisers

EAST LANSING (AP) — The export by Michigan State University of American business ideas to Turkey was approved Thursday by the MSU Board of Trustees.

The five-year, \$1.9 million educational project will be financed jointly by Turkey and the U.S. Agency for International Development.

The initial federal grant is \$322,000. The agreement will continue through 1968 and calls for subsequent grants to be made by the federal agency and the Turkish government.

MSU President John Hannah termed the agreement "a continuation of the policy of this university reaching out into the world."

Also approved by the board was a reorganization of the university's language department, to include more Oriental, African and Arabic languages.

"We need students who can speak the more exotic languages such as Arabic and Chinese," Hannah said. "There is too much emphasis now on European languages such as French and German. Most of the top people in the European countries are already fluent in English anyway."

The board also: Accepted the first \$110,000 grant for a \$2 million research project to determine the effects of radiation on plants, financed by the Atomic Energy Commission.

Approved the appointment of Dr. Carl Hall as chairman of the Department of Agricultural Engineering.

Named Dr. George Lauff, research coordinator of the Sapelo Island Research Foundation in Georgia, as new head of the MSU Kellogg Lake Biological station.

Approved the appointment of Dr. Elizabeth Rusk as director of the new Humanities Teaching Institute.

## Special Program By Trenary Choir Palm Sunday

TRENARY — The Methodist Senior Choir will present an hour of Easter music Palm Sunday, March 22, at 7:30 p.m. There will be songs of Palm Sunday, Good Friday and Easter, including "The Long, Long Road," "Rolled Away," "Christ the Lord is Risen Today," "He is not Here," "O Sacred Head Now Wounded," and "When I Survey the Wondrous Cross."

There will also be poetry by Mrs. Andrew Rodgers and several special numbers by smaller groups. Senior organist for the choir is Mrs. Vance Davis, assistant organist, Mrs. George Hager, pianist, Mrs. Peter Nance and director, Mrs. William Bucholtz.

Members of the choir are sopranos, Martha Campbell, Aileen Kivimake, Mary Spielmacher, Esther Quarfoot, Alice Mariin, Karen Hager, Cheryl Cady, Joy Aho, Dorothy Quarfoot, Kristine Hager and Betty Davis; altos, Ronda Bucholtz, Lynn Mariin, Esther Cauchon and Laurel Marlin; tenors, Lorraine Peterson, John Quarfoot, Cheryl Josephson, Lucille Richmond and Ethel Flaggare; bass, Doris Rodgers.

The pastor is the Rev. Densel Fuller of Munising who will welcome the guests and give the benediction. The refreshment committee is Mrs. Paul Peterson, Mrs. John Knaus and Mrs. Louis Laurich.

## Long Haulaway Bill Survives

LANSING (AP) — A bill to permit the use of 60-foot car haulaways on state highways survived its initial Senate test Thursday when a motion to kill it died 13-10.

Proponents of the bill said it is needed to improve Michigan's competitive situation — both in trucking and the automotive industry — with respect to neighboring states which allow the longer carriers.

Sen. Lloyd Stephens, R-Scottville, moved to kill the bill by banishing it to committee, but could only get nine other senators to go along with him.

Sen. William Ford, D-Taylor, one of the bill's sponsors, blasted Stephens' move as a "parliamentary maneuver so that we can kill this bill and then go home and be on both sides of the issue."

Ford said the question has been before the legislature for five years and deserves a roll-call vote on passage. The defeat of Stephens' motion moved the bill to position for such a roll call.

The legislature has been asked by the Michigan Trucking Association. Its opponents say the longer trucks would harm the competitive position of the railroads, which also haul new cars, and that they would be detrimental to traffic safety and highway surfaces.

## Phone Platform

Ray Clevenger, Democratic candidate for Congress in the U.P., has asked the Michigan Public Service Commission to approve telephone service for Sugar Island and Neebish Island. "These islands must have telephone service before they can have economic development," Clevenger said.

An Icelandic saga relates how Laif Ericson, in about 1000, discovered a strange new land he called Vinland, or Vinland. Leif's Vinland has been variously located at many different places along the coast from Chesapeake Bay to Hudson Bay. Most scientists have placed it in Capt Cod and Rhode Island, where wild grapes grow.

## Teacher Strike Called Illegal

LANSING (AP) — Atty. Gen. Frank Kelley ruled Thursday Detroit school teachers have no right to strike.

In an opinion requested by Dr. Lynn Bartlett, state superintendent of public instruction, Kelley said school teachers who strike against their school district are subject to loss of employment and pension and retirement rights.

The opinion said a school district board of education may, at its discretion, recognize a collective bargaining agent to resolve differences on salary or working conditions.

The board is not required to recognize anyone as having exclusive negotiating powers for teachers, the attorney general said.

"It is the opinion of the attorney general that a school teacher employed by the board of education of the school district of the City of Detroit may not strike against the school district without suffering penalty of loss of employment," said the formal opinion.

"It should be emphasized that if school teachers employed by the board of education of the school district of the City of Detroit knowingly strike . . . the board of education is not required to re-employ such school teachers."

The opinion quotes a 1947 state law which Kelley said "expressly commands that no person holding employment in the public school service shall strike."

"Persons violating the provisions of this act shall be deemed to have abandoned and terminated their employment and shall no longer hold such employment."

"The law is abundantly clear," Kelley ruled, "that school teachers employed by . . . the City of Detroit do not have the lawful right to strike. Any school teacher knowingly violating the provisions of (this act) shall be deemed to have abandoned or terminated his employment."

"In addition, pension and retirement benefits are to be forfeited," said the opinion.

"The Michigan Legislature has not afforded the lawful right to strike to school teachers employed by school districts."

## Northboard Will Add 2nd Shift

IRON RIVER—Northboard, Inc., which began production last November and started shipments of particle-board in December, plans to add a second work shift and step up output soon.

With addition of another shift, employment will climb to 28, according to S. A. McCornock, president.

Training of new employees will be directed by Michigan Tech under a grant from the Area Redevelopment Administration and will begin April 13.

## Ensigners Club Tour Saturday

ENSIGN — The Ensigners 4-H Conservation Club will meet at the Ranger Station in Rapid River at 1 p.m. Saturday, March 21. Ray Chase, district ranger, will guide the group on a tour of the station. A burned forest area on the Stonington Peninsula also will be visited. The conservation group is studying the forests and its enemies.

## Douglas Will Attend Mead's Marketing Meet

DAYTON, O.—George S. Douglas, manager of Escanaba Division of Mead Corp., will attend a company-wide "Marketing Objectives Conference" in Dayton, Ohio, April 9-10. More than 200 members of Mead's management will attend, James W. McSwiney, executive vice president and chairman of the conference, said today.

Featured speakers for the two-day meeting will include: J. D. Batten, author of the fastest selling book on management principles ever published by the American Management Association; and Theodore Levitt, lecturer on business administration at Harvard Business School, as well as a leading consultant to business and author on modern marketing.

The meeting will open at the Dayton Inn April 9 with a welcome by George H. Pringle, president of Mead Corp., the nation's fifth largest producer of pulp and paper, employing 17,000 people in 50 plants and facilities located in 18 states and several foreign countries.

DEMOLAY WEEK is being observed in Delta County and one of the displays in this window at the Fair Store arranged by (from left) Bruce Hawkinson, master councilor, Gladstone, and Mike Riegel, junior steward, Escanaba. This is the 45th anniversary of the Order of DeMolay, an organization for young men, in the United States. (Daily Press Photo)

## Troops Landed In Light Gear

WASHINGTON (AP) — Pentagon sources today reported success in testing a new method of airlifting lightly armed troops thousands of miles and equipping them with heavy gear from waiting ship depots.

Even a raging tropical storm failed to disrupt the operation seriously, authorities said.

The test was held in late January and February. A 4,000-man brigade of Army infantry was flown from Hawaii to Okinawa and mated with tanks, artillery, ammunition and other stocks unloaded from depot ships.

Army and Defense Department observers have reported since that there were no serious hitches — that the method was shown to be both operationally and economically practical, sources said.

This could mean that the so-far limited plan involving three "forward floating depots" may be adopted on a wider scale.

Secretary of Defense Robert S. McNamara has told Congress that if the Pacific test was successful "we will propose an expansion in the forward floating base program next year."

This concept is one way of permitting the United States to airlift troops swiftly to crisis points in various parts of the world.

The men travel with only their basic personal effects, rifles and other light arms.

Depot ships set sail from strategically located ports and rendezvous with the soldiers.

In the recent test, three depot ships moved from Subic Bay in the Philippines to meet the brigade at Okinawa.

The three converted World War II Victory vessels under Navy control were moored in Subic Bay about a year ago after being loaded on the U.S. East Coast with combat equipment.

The big question posed by Pentagon officials: Would the gear be in combat shape when it was needed?

The observer reports showed that none of the equipment and supplies stockpiled aboard the three ships had deteriorated. None had to be replaced.

Almost 2,000 miles of toll-free autobahns now exist in West Germany.
